

## SAFETY DATA SHEET

Creation Date 13-Feb-2014

Revision Date 01-Apr-2015

Revision Number 1

### 1. Identification

**Product Name** Paraffin Type 3

**Cat No. :** 22050125

**Synonyms** Tissue Processing Media

**Recommended Use** Laboratory chemicals.

**Uses advised against** No Information available

**Details of the supplier of the safety data sheet**

|                                          |                                   |
|------------------------------------------|-----------------------------------|
| <b>Company</b>                           | <b>Emergency Telephone Number</b> |
| Richard Allan Scientific                 | Chemtrec US: (800) 424-9300       |
| A Subsidiary of Thermo Fisher Scientific | Chemtrec EU: 001 (202) 483-7616   |
| 4481 Campus Drive                        |                                   |
| Kalamazoo, MI 49008                      |                                   |
| Tel: (800) 522-7270                      |                                   |

### 2. Hazard(s) identification

#### Classification

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

|                                                      |            |
|------------------------------------------------------|------------|
| Specific target organ toxicity (single exposure)     | Category 3 |
| Target Organs - Respiratory system.                  |            |
| Specific target organ toxicity - (repeated exposure) | Category 2 |
| Target Organs - Kidney.                              |            |

#### Label Elements

**Signal Word**  
Warning

#### **Hazard Statements**

May cause respiratory irritation  
May cause damage to organs through prolonged or repeated exposure

#### **Precautionary Statements**

##### **Prevention**

Do not breathe dust/fume/gas/mist/vapors/spray  
Use only outdoors or in a well-ventilated area

##### **Response**

Get medical attention/advice if you feel unwell

**Inhalation**

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing

Call a POISON CENTER or doctor/physician if you feel unwell

**Storage**

Store in a well-ventilated place. Keep container tightly closed

Store locked up

**Disposal**

Dispose of contents/container to an approved waste disposal plant

**Hazards not otherwise classified (HNOC)**

Toxic to aquatic life with long lasting effects

### 3. Composition / information on ingredients

| Component                                                      | CAS-No    | Weight % |
|----------------------------------------------------------------|-----------|----------|
| Paraffin waxes and Hydrocarbon waxes                           | 8002-74-2 | 78-80    |
| 2,6-Di-tert-butyl-p-cresol                                     | 128-37-0  | 14-16    |
| Benzene, ethenylmethyl-, polymer with (1-methylethenyl)benzene | 9017-27-0 | <2       |

### 4. First-aid measures

|                                        |                                                                                                                         |
|----------------------------------------|-------------------------------------------------------------------------------------------------------------------------|
| <b>Eye Contact</b>                     | Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Obtain medical attention.      |
| <b>Skin Contact</b>                    | Wash off immediately with plenty of water for at least 15 minutes. Get medical attention immediately if symptoms occur. |
| <b>Inhalation</b>                      | Move to fresh air. If breathing is difficult, give oxygen. Get medical attention immediately if symptoms occur.         |
| <b>Ingestion</b>                       | Do not induce vomiting. Obtain medical attention.                                                                       |
| <b>Most important symptoms/effects</b> | No information available.                                                                                               |
| <b>Notes to Physician</b>              | Treat symptomatically                                                                                                   |

### 5. Fire-fighting measures

**Suitable Extinguishing Media** Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

**Unsuitable Extinguishing Media** No information available

**Flash Point** > 204.4 °C / > 399.9 °F  
**Method -** No information available

**Autoignition Temperature** No information available

**Explosion Limits**

**Upper** No data available

**Lower** No data available

**Sensitivity to Mechanical Impact** No information available

**Sensitivity to Static Discharge** No information available

**Specific Hazards Arising from the Chemical**

Thermal decomposition can lead to release of irritating gases and vapors.

**Hazardous Combustion Products**

Carbon monoxide (CO) Carbon dioxide (CO<sub>2</sub>)

**Protective Equipment and Precautions for Firefighters**

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

**NFPA**

**Health**  
2

**Flammability**  
1

**Instability**  
0

**Physical hazards**  
N/A

## 6. Accidental release measures

|                                  |                                                                                                                                                        |
|----------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Personal Precautions</b>      | Use personal protective equipment. Ensure adequate ventilation. Avoid contact with skin, eyes and clothing.                                            |
| <b>Environmental Precautions</b> | Should not be released into the environment. See Section 12 for additional ecological information. Avoid release to the environment. Collect spillage. |

**Methods for Containment and Clean Up** Sweep up or vacuum up spillage and collect in suitable container for disposal.

## 7. Handling and storage

**Handling** Wear personal protective equipment. Ensure adequate ventilation. Avoid contact with skin, eyes and clothing. Avoid ingestion and inhalation.

**Storage** Keep containers tightly closed in a dry, cool and well-ventilated place.

## 8. Exposure controls / personal protection

**Exposure Guidelines**

| Component                            | ACGIH TLV                | OSHA PEL                            | NIOSH IDLH                |
|--------------------------------------|--------------------------|-------------------------------------|---------------------------|
| Paraffin waxes and Hydrocarbon waxes | TWA: 2 mg/m <sup>3</sup> | (Vacated) TWA: 2 mg/m <sup>3</sup>  | TWA: 2 mg/m <sup>3</sup>  |
| 2,6-Di-tert-butyl-p-cresol           | TWA: 2 mg/m <sup>3</sup> | (Vacated) TWA: 10 mg/m <sup>3</sup> | TWA: 10 mg/m <sup>3</sup> |

  

| Component                            | Quebec                     | Mexico OEL (TWA)                                        | Ontario TWAEV            |
|--------------------------------------|----------------------------|---------------------------------------------------------|--------------------------|
| Paraffin waxes and Hydrocarbon waxes | TWA: 2 mg/m <sup>3</sup>   | TWA: 2 mg/m <sup>3</sup><br>STEL: 6 mg/m <sup>3</sup>   | TWA: 2 mg/m <sup>3</sup> |
| 2,6-Di-tert-butyl-p-cresol           | STEL: 10 mg/m <sup>3</sup> | TWA: 10 mg/m <sup>3</sup><br>STEL: 20 mg/m <sup>3</sup> | TWA: 2 mg/m <sup>3</sup> |

**Legend**

ACGIH - American Conference of Governmental Industrial Hygienists

OSHA - Occupational Safety and Health Administration

NIOSH IDLH: The National Institute for Occupational Safety and Health Immediately Dangerous to Life or Health

**Engineering Measures** Ensure adequate ventilation, especially in confined areas. Ensure that eyewash stations and safety showers are close to the workstation location.

**Personal Protective Equipment**

|                                 |                                                                                                                                                                                                                                                   |
|---------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Eye/face Protection</b>      | Wear appropriate protective eyeglasses or chemical safety goggles as described by OSHA's eye and face protection regulations in 29 CFR 1910.133 or European Standard EN166.                                                                       |
| <b>Skin and body protection</b> | Wear appropriate protective gloves and clothing to prevent skin exposure.                                                                                                                                                                         |
| <b>Respiratory Protection</b>   | Follow the OSHA respirator regulations found in 29 CFR 1910.134 or European Standard EN 149. Use a NIOSH/MSHA or European Standard EN 149 approved respirator if exposure limits are exceeded or if irritation or other symptoms are experienced. |
| <b>Hygiene Measures</b>         | Handle in accordance with good industrial hygiene and safety practice.                                                                                                                                                                            |

## 9. Physical and chemical properties

|                                        |                               |
|----------------------------------------|-------------------------------|
| Physical State                         | Solid                         |
| Appearance                             | White - Yellow                |
| Odor                                   | No information available      |
| Odor Threshold                         | No information available      |
| pH                                     | No information available      |
| Melting Point/Range                    | 55 - 57 °C / 131.0 - 134.6 °F |
| Boiling Point/Range                    | > 370 °C / > 698 °F           |
| Flash Point                            | > 204.4 °C / > 399.9 °F       |
| Evaporation Rate                       | 0.01 (Butyl Acetate = 1.0)    |
| Flammability (solid,gas)               | No information available      |
| Flammability or explosive limits       |                               |
| Upper                                  | No data available             |
| Lower                                  | No data available             |
| Vapor Pressure                         | < 0.1                         |
| Vapor Density                          | No information available      |
| Relative Density                       | 0.81 @ 25°C                   |
| Solubility                             | Insoluble in water            |
| Partition coefficient; n-octanol/water | No data available             |
| Autoignition Temperature               | No information available      |
| Decomposition Temperature              | No information available      |
| Viscosity                              | No information available      |

## 10. Stability and reactivity

|                                  |                                                         |
|----------------------------------|---------------------------------------------------------|
| Reactive Hazard                  | None known, based on information available              |
| Stability                        | Stable under normal conditions.                         |
| Conditions to Avoid              | Incompatible products. Excess heat.                     |
| Incompatible Materials           | Strong oxidizing agents                                 |
| Hazardous Decomposition Products | Carbon monoxide (CO), Carbon dioxide (CO <sub>2</sub> ) |
| Hazardous Polymerization         | Hazardous polymerization does not occur.                |
| Hazardous Reactions              | None under normal processing.                           |

## 11. Toxicological information

### Acute Toxicity

#### Component Information

| Component                            | LD50 Oral                                | LD50 Dermal           | LC50 Inhalation |
|--------------------------------------|------------------------------------------|-----------------------|-----------------|
| Paraffin waxes and Hydrocarbon waxes | 3750 mg/kg ( Rat )                       | 3600 mg/kg ( Rabbit ) | Not listed      |
| 2,6-Di-tert-butyl-p-cresol           | 890 mg/kg ( Rat )<br>>2000 mg/kg ( Rat ) | 2000 mg/kg ( Rat )    | Not listed      |

**Toxicologically Synergistic Products** No information available

#### Delayed and immediate effects as well as chronic effects from short and long-term exposure

|                 |                                                                                          |
|-----------------|------------------------------------------------------------------------------------------|
| Irritation      | No information available                                                                 |
| Sensitization   | No information available                                                                 |
| Carcinogenicity | The table below indicates whether each agency has listed any ingredient as a carcinogen. |

| Component | CAS-No | IARC | NTP | ACGIH | OSHA | Mexico |
|-----------|--------|------|-----|-------|------|--------|
|-----------|--------|------|-----|-------|------|--------|

|                                                                |           |            |            |            |            |            |
|----------------------------------------------------------------|-----------|------------|------------|------------|------------|------------|
| Paraffin waxes and Hydrocarbon waxes                           | 8002-74-2 | Not listed | Not listed | Not listed | Not listed | Not listed |
| 2,6-Di-tert-butyl-p-cresol                                     | 128-37-0  | Not listed | Not listed | Not listed | Not listed | Not listed |
| Benzene, ethenylmethyl-, polymer with (1-methylethenyl)benzene | 9017-27-0 | Not listed | Not listed | Not listed | Not listed | Not listed |

**Mutagenic Effects** No information available

**Reproductive Effects** No information available.

**Developmental Effects** No information available.

**Teratogenicity** No information available.

**STOT - single exposure** Respiratory system

**STOT - repeated exposure** Kidney

**Aspiration hazard** No information available

**Symptoms / effects, both acute and delayed** No information available

**Endocrine Disruptor Information** No information available

**Other Adverse Effects** Tumorigenic effects have been reported in experimental animals. See actual entry in RTECS for complete information.

## 12. Ecological information

### Ecotoxicity

Do not empty into drains.

| Component                  | Freshwater Algae                            | Freshwater Fish       | Microtox                                                                     | Water Flea          |
|----------------------------|---------------------------------------------|-----------------------|------------------------------------------------------------------------------|---------------------|
| 2,6-Di-tert-butyl-p-cresol | EC50 = 0.758 mg/L 96h<br>EC50 = 6 mg/L 72 h | LC50 = 0.199 mg/L 96h | EC50 = 7.82 mg/L 5 min<br>EC50 = 8.57 mg/L 15 min<br>EC50 = 8.98 mg/L 30 min | EC50 >0.31 mg/L 48h |

**Persistence and Degradability** No information available

**Bioaccumulation/ Accumulation** No information available.

**Mobility** No information available.

| Component                  | log Pow |
|----------------------------|---------|
| 2,6-Di-tert-butyl-p-cresol | 4.17    |

## 13. Disposal considerations

**Waste Disposal Methods** Chemical waste generators must determine whether a discarded chemical is classified as a hazardous waste. Chemical waste generators must also consult local, regional, and national hazardous waste regulations to ensure complete and accurate classification.

## 14. Transport information

**DOT** Not regulated

**TDG** Not regulated

**IATA** Not regulated

**IMDG/IMO** Not regulated

## 15. Regulatory information

**All of the components in the product are on the following Inventory lists:** Australia X = listed China Canada The product is classified and labeled according to EC directives or corresponding national laws The product is classified and labeled in

accordance with Directive 1999/45/EC TSCA Korea

### International Inventories

| Component                                                      | TSCA | DSL | NDSL | EINECS    | ELINCS | NLP | PICCS | ENCS | AICS | IECSC | KECL |
|----------------------------------------------------------------|------|-----|------|-----------|--------|-----|-------|------|------|-------|------|
| Paraffin waxes and Hydrocarbon waxes                           | X    | X   | -    | 232-315-6 | -      |     | X     | X    | X    | X     | X    |

#### Legend:

X - Listed

E - Indicates a substance that is the subject of a Section 5(e) Consent order under TSCA.

F - Indicates a substance that is the subject of a Section 5(f) Rule under TSCA.

N - Indicates a polymeric substance containing no free-radical initiator in its inventory name but is considered to cover the designated polymer made with any free-radical initiator regardless of the amount used.

P - Indicates a commenced PMN substance

R - Indicates a substance that is the subject of a Section 6 risk management rule under TSCA.

S - Indicates a substance that is identified in a proposed or final Significant New Use Rule

T - Indicates a substance that is the subject of a Section 4 test rule under TSCA.

XU - Indicates a substance exempt from reporting under the Inventory Update Rule, i.e. Partial Updating of the TSCA Inventory Data Base Production and Site Reports (40 CFR 710(B)).

Y1 - Indicates an exempt polymer that has a number-average molecular weight of 1,000 or greater.

Y2 - Indicates an exempt polymer that is a polyester and is made only from reactants included in a specified list of low concern reactants that comprises one of the eligibility criteria for the exemption rule.

### U.S. Federal Regulations

TSCA 12(b) Not applicable

SARA 313 Not applicable

#### SARA 311/312 Hazardous Categorization
