

# SAFETY DATA SHEET

## ( SDS )

This safety data sheet complies with the requirements of:  
 , Classification and procedure used to derive the classification for mixtures according to Regulation (EC) 1272/2008 [CLP]:

Revision Date 18-Oct-2024

WAI2 - EGHS - EUROPEAN

Revision Number 2

### SECTION 1. IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY/UNDERTAKING

#### 1.1. Product Identifier

|                                        |                                              |
|----------------------------------------|----------------------------------------------|
| <b>Product Name</b>                    | Eutech ECDOZEROSOLN, 480 ML DO ZERO SOLUTION |
| <b>Product No</b>                      | 01X211238                                    |
| <b>Unique Formula Identifier (UFI)</b> | Not applicable                               |
| <b>REACH registration number</b>       | Not applicable                               |
| <b>Pure substance/mixture</b>          | Mixture                                      |

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

|                             |                           |
|-----------------------------|---------------------------|
| <b>Recommended Use</b>      | Use as laboratory reagent |
| <b>Uses advised against</b> | No Information available  |

#### 1.3. Details of the supplier of the safety data sheet

|                                         |                                                                                                                                         |
|-----------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------|
| <b>Manufacturer, Importer, Supplier</b> | Eutech Instruments Pte Ltd<br>part of Thermo Fisher Scientific<br>7 Gul Circle, #2M-01<br>Keppel Logistics Building<br>Singapore 629563 |
| <b>E-mail address</b>                   | <a href="mailto:wlp.techsupport@thermofisher.com">wlp.techsupport@thermofisher.com</a>                                                  |
| <b>Made in</b>                          | Singapore                                                                                                                               |

|                                               |                                                                                                                                                            |
|-----------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b><u>1.4. Emergency telephone number</u></b> | 24 Hour Emergency Phone Number<br>CHEMTREC®<br>Within USA and Canada: 1-800-424-9300<br>Outside USA and Canada: 1-703-527-3887<br>(collect calls accepted) |
|-----------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|

## SECTION 2. HAZARDS IDENTIFICATION

### 2.1. Classification of the substance or mixture

#### Classification - Mixture

#### Classification according to Regulation (EC) No. 1272/2008 [CLP]

This mixture is classified as not hazardous according to regulation (EC) 1272/2008 [GHS]

#### Signal Word

None

#### Hazard Statements

None

#### Precautionary Statements

### 2.3. Other hazards

#### General Hazards

This product does not contain any known or suspected endocrine disruptors  
Toxic to terrestrial vertebrates

## SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

| Component      | EC No             | CAS No    | Weight %  | GHS Classification -<br>According to<br>GB-CLP Regulations<br>UK SI 2019/720 and<br>UK SI 2020/1567 | REACH Reg. No               |
|----------------|-------------------|-----------|-----------|-----------------------------------------------------------------------------------------------------|-----------------------------|
| Water          | EEC No. 231-791-2 | 7732-18-5 | 90 - 100% | Not classified                                                                                      | No information<br>available |
| Sodium Sulfite | EEC No. 231-821-4 | 7757-83-7 | 0 - 10%   |                                                                                                     | No information<br>available |

| Component      | CAS No    | Specific concentration<br>limits (SCL's) | M-Factor | Component notes |
|----------------|-----------|------------------------------------------|----------|-----------------|
| Water          | 7732-18-5 | -                                        | -        | -               |
| Sodium Sulfite | 7757-83-7 | -                                        | -        | -               |

## SECTION 4: FIRST AID MEASURES

### 4.1. Description of first aid measures

|                                    |                                                                                                                                                                                           |
|------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| General Advice                     | Use first aid treatment according to the nature of the injury. For further assistance, contact your local Poison Control Center. Show this safety data sheet to the doctor in attendance. |
| Eye Contact                        | In case of eye contact, remove contact lens and rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Get medical attention.                           |
| Skin Contact                       | Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. If symptoms persist, call a physician.                                              |
| Inhalation                         | Remove to fresh air. If breathing is difficult, give oxygen. Get medical attention if symptoms occur.                                                                                     |
| Ingestion                          | Clean mouth with water and drink afterwards plenty of water. Do NOT induce vomiting. Call a physician or poison control center immediately.                                               |
| Self-Protection of the First Aider | No special precautions required.                                                                                                                                                          |

### 4.2. Most important symptoms and effects, both acute and delayed

|                                     |                                                    |
|-------------------------------------|----------------------------------------------------|
| Most important symptoms and effects | See section 11, See section 2 for more information |
|-------------------------------------|----------------------------------------------------|

### 4.3. Indication of any immediate medical attention and special treatment needed

|                    |                       |
|--------------------|-----------------------|
| Notes to Physician | Treat symptomatically |
|--------------------|-----------------------|

## SECTION 5: FIREFIGHTING MEASURES

### 5.1. Extinguishing media

#### Suitable Extinguishing Media

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

#### Unsuitable Extinguishing Media

No information available

### 5.2. Special hazards arising from the substance or mixture

Thermal decomposition can lead to release of irritating gases and vapors.

### 5.3. Advice for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

## SECTION 6: ACCIDENTAL RELEASE MEASURES

### 6.1. Personal precautions, protective equipment and emergency procedures

|                      |                                                                                  |
|----------------------|----------------------------------------------------------------------------------|
| Personal Precautions | Use personal protective equipment as required. Evacuate personnel to safe areas. |
|----------------------|----------------------------------------------------------------------------------|

### 6.2. Environmental precautions

|                           |                                                                                                                                            |
|---------------------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| Environmental Precautions | Should not be released into the environment. Collect spillage. Dispose of waste product or used containers according to local regulations. |
|---------------------------|--------------------------------------------------------------------------------------------------------------------------------------------|

### **6.3. Methods and material for containment and cleaning up**

**Methods for Containment** Prevent further leakage or spillage if safe to do so.

**Methods for Cleaning Up** Soak up with inert absorbent material. Pick up and transfer to properly labeled containers.

#### **Reference to Other Sections**

Refer to protective measures listed in Sections 7 and 8

See Section 8 for information on appropriate personal protective equipment

See Section 12 for additional Ecological Information

See Section 13 for additional waste treatment information

## **SECTION 7: HANDLING AND STORAGE**

### **7.1. Precautions for safe handling**

#### **Advice on safe handling**

To avoid risks to human health and the environment, comply with the instructions for use. Wear personal protective equipment/face protection. Avoid breathing dust/fume/gas/mist/vapors/spray. Ensure adequate ventilation, especially in confined areas.

#### **General hygiene considerations**

Handle in accordance with good industrial hygiene and safety practice.

### **7.2. Conditions for safe storage, including any incompatibilities**

#### **Storage Conditions**

Keep container tightly closed in a dry and well-ventilated place. Store at room temperature in the original container. Protect from direct sunlight.

### **7.3. Specific end use(s)**

#### **Specific Use(s)**

Use as laboratory reagent

#### **Risk Management Methods (RMM)**

The information required is contained in this Safety Data Sheet.

## **SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION**

### **8.1. Control parameters**

#### **Exposure limits**

List source(s):

#### **Biological limit values**

This product, as supplied, does not contain any hazardous materials with biological limits established by the region specific regulatory bodies

#### **Monitoring methods**

BS EN 14042:2003 Title Identifier: Workplace atmospheres. Guide for the application and use of procedures for the assessment of

exposure to chemical and biological agents.

### Derived No Effect Level (DNEL)

See table for values

| Component                               | Acute effects local<br>(Inhalation) | Acute effects<br>systemic (Inhalation) | Chronic effects local<br>(Inhalation) | Chronic effects<br>systemic (Inhalation) |
|-----------------------------------------|-------------------------------------|----------------------------------------|---------------------------------------|------------------------------------------|
| Sodium Sulfite<br>7757-83-7 ( 0 - 10% ) |                                     |                                        |                                       | DNEL = 298mg/m <sup>3</sup>              |

### Predicted No Effect Concentration (PNEC)

See values below.

| Component                               | Fresh water     | Fresh water<br>sediment | Water Intermittent | Microorganisms in<br>sewage treatment | Soil (Agriculture) |
|-----------------------------------------|-----------------|-------------------------|--------------------|---------------------------------------|--------------------|
| Sodium Sulfite<br>7757-83-7 ( 0 - 10% ) | PNEC = 1.33mg/L |                         |                    | PNEC = 99.9mg/L                       |                    |

| Component                               | Marine water    | Marine water<br>sediment | Marine water<br>intermittent | Food chain | Air |
|-----------------------------------------|-----------------|--------------------------|------------------------------|------------|-----|
| Sodium Sulfite<br>7757-83-7 ( 0 - 10% ) | PNEC = 0.13mg/L |                          |                              |            |     |

## 8.2. Exposure controls

**Engineering Measures** None under normal use conditions

### Personal protective equipment

**Eye/face Protection** Wear chemical splash goggles and face shield. If splashes are likely to occur:. Goggles.

**Skin and body protection** Wear protective gloves/protective clothing.

**Respiratory Protection** No protective equipment is needed under normal use conditions.  
**Recommended Filter type:** Particle filter.

**Environmental exposure controls** No information available

## SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

### 9.1. Information on basic physical and chemical properties

**Physical State** Liquid

**Appearance** No information available

**Odor** No information available

**Odor Threshold** No information available

**PH Range** No information available

| Property                     | Values                   | Remarks • Method |
|------------------------------|--------------------------|------------------|
| Melting point/freezing point | No information available |                  |
| Boiling Point/Range          | No information available |                  |
| Flash Point (High in °C)     | No information available |                  |
| Evaporation Rate             | No information available |                  |
| Flammability (solid, gas)    | No information available |                  |

**Flammability Limit in Air**

|                              |                          |
|------------------------------|--------------------------|
| Upper flammability limit:    | No information available |
| Lower flammability limit:    | No information available |
| Vapor pressure               | No information available |
| Vapor Density                | No information available |
| Specific Gravity             | No information available |
| Water Solubility             | No information available |
| Solubility in other solvents | No information available |
| Partition coefficient        | No information available |
| Autoignition Temperature     | -                        |
| Decomposition Temperature    | No information available |
| Kinematic viscosity          | No information available |
| Dynamic viscosity            | No information available |
| Explosive Properties         | No information available |
| Oxidizing Properties         | No information available |

**9.2. Other information**

|                  |                          |
|------------------|--------------------------|
| Softening Point  | No information available |
| Molecular Weight | No information available |
| VOC Content(%)   | No information available |
| Density          | No Information available |
| Bulk Density     | No information available |

## SECTION 10: STABILITY AND REACTIVITY

**10.1. Reactivity**

No information available

**10.2. Chemical stability**

Stable under normal conditions

**Explosion Data**

|                                  |      |
|----------------------------------|------|
| Sensitivity to Mechanical Impact | None |
| Sensitivity to Static Discharge  | None |

**10.3. Possibility of hazardous reactions**

None under normal processing

**10.4. Conditions to avoid**

Extremes of temperature and direct sunlight

**10.5. Incompatible materials**

No information available

**10.6. Hazardous decomposition products**

Thermal decomposition can lead to release of irritating gases and vapors

## SECTION 11: TOXICOLOGICAL INFORMATION

**11.1. Information on hazard classes as defined in Regulation (EC) No 1272/2008**

**Product Information**

**Acute Toxicity**

| Component | LD50 Oral               | LD50 Dermal | LC50 Inhalation |
|-----------|-------------------------|-------------|-----------------|
| Water     | LD50 > 90 mL/kg ( Rat ) |             |                 |

|                |                           |                           |                            |
|----------------|---------------------------|---------------------------|----------------------------|
| Sodium Sulfite | LD50 = 5680 mg/kg ( Rat ) | LD50 > 2000 mg/kg ( Rat ) | LC50 > 22 mg/L ( Rat ) 1 h |
|----------------|---------------------------|---------------------------|----------------------------|

|                                          |                          |
|------------------------------------------|--------------------------|
| <b>Skin Corrosion/Irritation</b>         | No information available |
| <b>Serious eye damage/eye irritation</b> | No information available |
| <b>Sensitization</b>                     | No information available |
| <b>Mutagenic Effects</b>                 | No information available |
| <b>Carcinogenic effects</b>              | No information available |
| <b>Reproductive Effects</b>              | No information available |
| <b>(h) STOT-single exposure;</b>         | No data available        |
| <b>(i) STOT-repeated exposure;</b>       | No data available        |
| <b>Target Organs</b>                     | None known.              |
| <b>Aspiration hazard</b>                 | No information available |

#### **11.2. Information on other hazards**

|                                        |                                                                                                                                     |
|----------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------|
| <b>Endocrine Disrupting Properties</b> | Assess endocrine disrupting properties for human health. This product does not contain any known or suspected endocrine disruptors. |
|----------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------|

## **SECTION 12. ECOLOGICAL INFORMATION**

### **12.1. Toxicity**

**Ecotoxicity effects** .

### **12.2. Persistence and degradability**

### **12.3. Bioaccumulative potential**

| Component      | log Pow | Bioconcentration factor (BCF) |
|----------------|---------|-------------------------------|
| Sodium Sulfite | -4      | No data available             |

### **12.4. Mobility in soil**

| Component                               | log Pow |
|-----------------------------------------|---------|
| Sodium Sulfite<br>7757-83-7 ( 0 - 10% ) | -4      |

### **12.5. Results of PBT and vPvB assessment**

No information available

### **12.6. Endocrine disrupting properties**

This product does not contain any known or suspected endocrine disruptors

### **12.7. Other adverse effects**

|                                     |                                                                |
|-------------------------------------|----------------------------------------------------------------|
| <b>Persistent Organic Pollutant</b> | This product does not contain any known or suspected substance |
| <b>Ozone Depletion Potential</b>    | This product does not contain any known or suspected substance |

## SECTION 13. DISPOSAL CONSIDERATIONS

### 13.1. Waste treatment methods

**Waste from Residues/Unused Products** Disposal should be in accordance with applicable regional, national and local laws and regulations.

**Contaminated Packaging** Improper disposal or reuse of this container may be dangerous and illegal.

## SECTION 14: TRANSPORT INFORMATION

### IMDG/IMO

14.1 UN-No Not Regulated  
14.2 Proper Shipping Name Not Regulated  
14.3 Hazard Class Not Regulated  
14.4 Packing Group Not Regulated  
14.5 Marine Pollutant Not Applicable  
14.6 Special Provisions None  
14.7 Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code No information available

### ADR

14.1. UN number Not Regulated  
14.2. UN proper shipping name Not Regulated  
14.3. Transport hazard class(es) Not Regulated  
14.4. Packing group Not Regulated

### ICAO

14.1 UN-No Not Regulated  
14.2 Proper Shipping Name Not Regulated  
14.3 Hazard Class Not Regulated  
14.4 Packing Group Not Regulated  
14.5 Environmental hazard Not Applicable  
14.6 Special Provisions None

### IATA

14.1 UN-No Not Regulated  
14.2 Proper Shipping Name Not Regulated  
14.3 Hazard Class Not Regulated  
14.4 Packing Group Not Regulated  
14.5 Environmental hazard Not Applicable  
14.6 Special Provisions None

## SECTION 15: REGULATORY INFORMATION

### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

#### International Inventories

Europe (EINECS/ELINCS/NLP), China (IECSC), Taiwan (TCSI), Korea (KECL), Japan (ENCS), Japan (ISHL), Canada (DSL/NDSL), Australia (AICS), New Zealand (NZIoC), Philippines (PICCS), U.S.A. (TSCA).

| Component | CAS No | EINECS | ELINCS | NLP | IECSC | TCSI | KECL | ENCS | ISHL |
|-----------|--------|--------|--------|-----|-------|------|------|------|------|
|-----------|--------|--------|--------|-----|-------|------|------|------|------|

|                |           |           |   |   |   |   |          |   |   |
|----------------|-----------|-----------|---|---|---|---|----------|---|---|
| Water          | 7732-18-5 | 231-791-2 | - | - | X | X | KE-35400 | X | - |
| Sodium Sulfite | 7757-83-7 | 231-821-4 | - | - | X | X | KE-31612 | X | X |

| Component      | CAS No    | TSCA | TSCA Inventory notification - Active-Inactive | DSL | NDSL | AICS | NZIoC | PICCS |
|----------------|-----------|------|-----------------------------------------------|-----|------|------|-------|-------|
| Water          | 7732-18-5 | X    | ACTIVE                                        | X   | -    | X    | X     | X     |
| Sodium Sulfite | 7757-83-7 | X    | ACTIVE                                        | X   | -    | X    | X     | X     |

**Legend:** X - Listed '-' - Not Listed

**KECL** - NIER number or KE number (<http://ncis.nier.go.kr/en/main.do>)

## European Union

**Authorisation/Restrictions according to EU REACH** Not applicable

| Component      | CAS No    | REACH (1907/2006) - Annex XIV - Substances Subject to Authorization | REACH (1907/2006) - Annex XVII - Restrictions on Certain Dangerous Substances | REACH Regulation (EC 1907/2006) article 59 - Candidate List of Substances of Very High Concern (SVHC) |
|----------------|-----------|---------------------------------------------------------------------|-------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------|
| Water          | 7732-18-5 | -                                                                   | -                                                                             | -                                                                                                     |
| Sodium Sulfite | 7757-83-7 | -                                                                   | -                                                                             | -                                                                                                     |

**Regulation (EC) No 649/2012 of the European Parliament and of the Council of 4 July 2012 concerning the export and import of dangerous chemicals**

Not applicable

Take note of Directive 98/24/EC on the protection of the health and safety of workers from the risks related to chemical agents at work

## National Regulations

**UK** - Take note of Control of Substances Hazardous to Health Regulations (COSHH) 2002 and 2005 Amendment

**WGK Classification** Water endangering class = 1 (self classification)

| Component                               | Germany - Water Classification (AwSV) |
|-----------------------------------------|---------------------------------------|
| Sodium Sulfite<br>7757-83-7 ( 0 - 10% ) | WGK1                                  |

| Component      | France - INRS (Tables of occupational diseases)      |
|----------------|------------------------------------------------------|
| Sodium Sulfite | Tableaux des maladies professionnelles (TMP) - RG 66 |

## 15.2. Chemical safety assessment

A Chemical safety assessment according to regulation (EC) No. 1907/2006 is not required

## SECTION 16: OTHER INFORMATION

**Full text of H-Statements referred to under sections 2 and 3**

H319 - Causes serious eye irritation

**Key or legend to abbreviations and acronyms used in the safety data sheet**

**CAS** - Chemical Abstracts Service

**EINECS/ELINCS** - European Inventory of Existing Commercial Chemical Substances/EU List of Notified Chemical Substances

**PICCS** - Philippines Inventory of Chemicals and Chemical Substances

**IECSC** - Chinese Inventory of Existing Chemical Substances

**KECL** - Korean Existing and Evaluated Chemical Substances

**TSCA** - United States Toxic Substances Control Act Section 8(b) Inventory

**DSL/NDL** - Canadian Domestic Substances List/Non-Domestic Substances List

**ENCS** - Japanese Existing and New Chemical Substances

**AICS** - Australian Inventory of Chemical Substances

**NZIoC** - New Zealand Inventory of Chemicals

**WEL** - Workplace Exposure Limit

**ACGIH** - American Conference of Governmental Industrial Hygienists

**DNEL** - Derived No Effect Level

**RPE** - Respiratory Protective Equipment

**LC50** - Lethal Concentration 50%

**NOEC** - No Observed Effect Concentration

**PBT** - Persistent, Bioaccumulative, Toxic

**TWA** - Time Weighted Average

**IARC** - International Agency for Research on Cancer  
Predicted No Effect Concentration (PNEC)

**LD50** - Lethal Dose 50%

**EC50** - Effective Concentration 50%

**POW** - Partition coefficient Octanol:Water

**vPvB** - very Persistent, very Bioaccumulative

**ADR** - European Agreement Concerning the International Carriage of Dangerous Goods by Road

**IMO/IMDG** - International Maritime Organization/International Maritime Dangerous Goods Code

**OECD** - Organisation for Economic Co-operation and Development

**BCF** - Bioconcentration factor

**TWA** TWA (time-weighted average)

**Ceiling** Maximum limit value

**ICAO/IATA** - International Civil Aviation Organization/International Air Transport Association

**MARPOL** - International Convention for the Prevention of Pollution from Ships

**ATE** - Acute Toxicity Estimate

**VOC** - (Volatile Organic Compound)

**STEL** STEL (Short Term Exposure Limit)
