## KITS SDS COVER SHEET

**Company** Oxoid Ltd  
Wade Road  
Basingstoke, Hants, UK  
RG24 8PW  
Tel: +44 (0) 1256 841144

**Emergency telephone number** Carechem 24: +44 (0) 1865 407333

**E-mail address** mbd-sds@thermofisher.com

### Product Information

**Product name** PathoDextra Strep Grouping Kit

**Product identifier** OXDDR0700  
**Cat No. :** DR0700

**Recommended use** Laboratory chemicals.

### Components

**Description** DR0701G - DR0706G PathoDextra Strep A, B, C, D, F, G group Latex  
DR0707G PathoDextra Positive control  
DR0709A PathoDextra Extraction Reagent 1  
DR0709B PathoDextra Extraction Reagent 2  
DR0709C PathoDextra Extraction Reagent 3

### Transport information

not regulated.

# SAFETY DATA SHEET

Issuing date 30-Aug-2011

Revision Date 06-Jul-2015

Revision Number 2

## SECTION 1: IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY/UNDERTAKING

### 1.1. Product identification

Product name **PathoDxtra Strep A, B, C, D, F, G Group Latex**  
Cat No. : **DR0701 - DR0706**

### 1.2. Relevant identified uses of the substance or mixture and uses advised against

Recommended use Laboratory chemicals.  
Uses advised against No information available

### 1.3. Details of the supplier of the safety data sheet

|                |                                                                                                                                                                                                                           |                                                                                                              |

### 1.4. Emergency telephone number

Carechem 24: +44 (0) 1865 407333

## SECTION 2: HAZARDS IDENTIFICATION

### 2.1. Classification of the substance or mixture

#### GHS Classification

#### Physical hazards

Based on available data, the classification criteria are not met

#### Health hazards

Skin sensitisation

Category 1

#### Environmental hazards

Based on available data, the classification criteria are not met

### 2.2. Label elements

Signal word

Warning

Hazard statements

# SAFETY DATA SHEET

PathoDextra Strep A, B, C, D, F, G Group Latex

Revision Date 06-Jul-2015

H317 - May cause an allergic skin reaction

## Precautionary statements

P280 - Wear protective gloves/ eye protection/ face protection

P302 + P352 - IF ON SKIN: Wash with plenty of soap and water

P333 + P313 - If skin irritation or rash occurs: Get medical advice/ attention

## 2.3. Other hazards

## SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

### 3.2. Mixtures

| Component                                                                                | CAS-No     | EC-No.    | Weight percent | GHS Classification                                                                                                                                                     |

## SECTION 4: FIRST AID MEASURES

### 4.1. Description of first aid measures

|                                   |                                                                                                                    |
|-----------------------------------|--------------------------------------------------------------------------------------------------------------------|
| <b>General advice</b>             | If symptoms persist, call a physician.                                                                             |
| <b>Eye contact</b>                | Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Obtain medical attention. |
| <b>Skin contact</b>               | Wash off immediately with plenty of water for at least 15 minutes. Obtain medical attention.                       |
| <b>Ingestion</b>                  | Clean mouth with water and drink afterwards plenty of water.                                                       |
| <b>Inhalation</b>                 | Move to fresh air. If breathing is difficult, give oxygen. Obtain medical attention.                               |
| <b>Protection of first-aiders</b> | No special precautions required.                                                                                   |

### 4.2. Most important symptoms and effects, both acute and delayed

None reasonably foreseeable. May cause allergic skin reaction. . Symptoms of allergic reaction may include rash, itching, swelling, trouble breathing, tingling of the hands and feet, dizziness, lightheadedness, chest pain, muscle pain or flushing

### 4.3. Indication of any immediate medical attention and special treatment needed

|                           |                        |
|---------------------------|------------------------|
| <b>Notes to physician</b> | Treat symptomatically. |
|---------------------------|------------------------|

## SECTION 5: FIREFIGHTING MEASURES

### 5.1. Extinguishing media

#### Suitable extinguishing media

Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

# SAFETY DATA SHEET

PathoDxtra Strep A, B, C, D, F, G Group Latex

Revision Date 06-Jul-2015

## Extinguishing media which must not be used for safety reasons

No information available.

## 5.2. Special hazards arising from the substance or mixture

Thermal decomposition can lead to release of irritating gases and vapours.

## Hazardous combustion products

None under normal use conditions.

## 5.3. Advice for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

## SECTION 6: ACCIDENTAL RELEASE MEASURES

### 6.1. Personal precautions, protective equipment and emergency procedures

Ensure adequate ventilation. Use personal protective equipment.

### 6.2. Environmental precautions

Should not be released into the environment.

### 6.3. Methods and material for containment and cleaning up

Soak up with inert absorbent material. Keep in suitable, closed containers for disposal.

### 6.4. Reference to other sections

Refer to protective measures listed in Sections 8 and 13.

## SECTION 7: HANDLING AND STORAGE

### 7.1. Precautions for safe handling

Ensure adequate ventilation. Wear personal protective equipment. Avoid ingestion and inhalation. Do not get in eyes, on skin, or on clothing.

### 7.2. Conditions for safe storage, including any incompatibilities

Keep container tightly closed. Keep at temperatures between 2°C and 8°C.

### 7.3. Specific end use(s)

Use in laboratories

## SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

### 8.1. Control parameters

#### Exposure limits

List source **EU** - Commission Directive 2006/15/EC of 7 February 2006 establishing a second list of indicative occupational exposure limit values in implementation of Council Directive 98/24/EC and amending Directives 91/322/EEC and 2000/39/EC on the protection of the health and safety of workers from the risks related to chemical agents at work.

## Biological limit values

This product, as supplied, does not contain any hazardous materials with biological limits established by the region specific regulatory bodies.

## Monitoring methods

BS EN 14042:2003 Title Identifier: Workplace atmospheres. Guide for the application and use of procedures for the assessment of exposure to chemical and biological agents.

**Derived No Effect Level (DNEL)** No information available

| Route of exposure            | Acute effects (local) | Acute effects (systemic) | Chronic effects (local) | Chronic effects (systemic) |
|------------------------------|-----------------------|--------------------------|-------------------------|----------------------------|
| Oral<br>Dermal<br>Inhalation |                       |                          |                         |                            |

# SAFETY DATA SHEET

PathoDxtra Strep A, B, C, D, F, G Group Latex

Revision Date 06-Jul-2015

**Predicted No Effect Concentration (PNEC)** No information available.

## 8.2. Exposure controls

### Engineering measures

Ensure adequate ventilation, especially in confined areas.

Wherever possible, engineering control measures such as the isolation or enclosure of the process, the introduction of process or equipment changes to minimise release or contact, and the use of properly designed ventilation systems, should be adopted to control hazardous materials at source

### Personal protective equipment

#### Eye protection

Safety glasses with side-shields (European standard - EN 166)

#### Hand protection

Protective gloves

| Glove material    | Breakthrough time                 | Glove thickness | EU standard | Glove comments        |
|-------------------|-----------------------------------|-----------------|-------------|-----------------------|
| Disposable gloves | See manufacturers recommendations | -               | EN 374      | (minimum requirement) |

#### Skin and body protection

Long sleeved clothing

Inspect gloves before use.

Please observe the instructions regarding permeability and breakthrough time which are provided by the supplier of the gloves.

(Refer to manufacturer/supplier for information)

Ensure gloves are suitable for the task: Chemical compatability, Dexterity, Operational conditions, User susceptibility, e.g. sensitisation effects, also take into consideration the specific local conditions under which the product is used, such as the danger of cuts, abrasion.

Remove gloves with care avoiding skin contamination.

#### Respiratory protection

When workers are facing concentrations above the exposure limit they must use appropriate certified respirators.

To protect the wearer, respiratory protective equipment must be the correct fit and be used and maintained properly

#### Large scale/emergency use

In case of insufficient ventilation wear suitable respiratory equipment

#### Small scale/Laboratory use

Use a NIOSH/MSHA or European Standard EN 149:2001 approved respirator if exposure limits are exceeded or if irritation or other symptoms are experienced.

When RPE is used a face piece Fit Test should be conducted

#### Hygiene measures

Handle in accordance with good industrial hygiene and safety practice.

#### Environmental exposure controls

No information available.

## SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

### 9.1. Information on basic physical and chemical properties

#### Appearance

blue

#### Physical state

liquid

#### Odour

No information available

#### Odour Threshold

no data available

#### pH

7.0

#### Melting point/range

No data available

#### Softening point

No data available

#### Boiling point/range

Not applicable

#### Flash point

Not applicable

**Method -** No information available.

#### Evaporation rate

no data available

#### Flammability (solid,gas)

Not applicable

liquid

#### Explosion limits

no data available.

#### Vapour pressure

no data available

#### Vapour density

no data available

(Air = 1.0)

#### Specific Gravity / Density

no data available

#### Bulk density

Not applicable

liquid

# SAFETY DATA SHEET

| Explosive properties                    | No information available. |
| Oxidizing properties                    | No information available. |

## 9.2. Other information

## SECTION 10: STABILITY AND REACTIVITY

**10.1. Reactivity**  
None known based on information supplied

**10.2. Chemical stability**  
Stable under normal conditions

### 10.3. Possibility of hazardous reactions

**Hazardous polymerisation** Hazardous polymerisation does not occur.  
**Hazardous reactions** None under normal processing.

**10.4. Conditions to avoid**  
Incompatible products. Excess heat.

**10.5. Incompatible materials**  
None known.

**10.6. Hazardous decomposition products**  
None under normal use conditions.

## SECTION 11: TOXICOLOGICAL INFORMATION

### 11.1. Information on toxicological effects

#### Product Information

(a) acute toxicity;  
**Oral** Based on available data, the classification criteria are not met  
**Dermal** Based on available data, the classification criteria are not met  
**Inhalation** Based on available data, the classification criteria are not met

#### Toxicology data for the components

| Component                                                                                | LD50 Oral        | LD50 Dermal                             | LC50 Ionanálú |
|------------------------------------------------------------------------------------------|------------------|-----------------------------------------|---------------|
| Sodium azide                                                                             | 27 mg/kg ( Rat ) | 50 mg/kg ( Rat )<br>20 mg/kg ( Rabbit ) |               |
| Mixture, 3(2H)-isothiazolone,<br>5-chloro-2-methyl- with<br>2-methyl-3(2H)-isothiazolone | 53 mg/kg ( Rat ) |                                         |               |

(b) skin corrosion/irritation; no data available

(c) serious eye damage/irritation; no data available

(d) respiratory or skin sensitization;  
**Respiratory** no data available  
**Skin** Category 1

(e) germ cell mutagenicity; May cause sensitisation by skin contact  
no data available

# SAFETY DATA SHEET

PathoDxtra Strep A, B, C, D, F, G Group Latex

Revision Date 06-Jul-2015

(f) carcinogenicity; no data available  
Níl ceimiceáin charcanaigineacha atá ar eolas sa táirge seo

(g) reproductive toxicity; no data available

(h) STOT-single exposure; no data available

(i) STOT-repeated exposure; no data available

Target Organs No information available.

(j) aspiration hazard; no data available

Symptoms / effects, both acute and delayed Symptoms of allergic reaction may include rash, itching, swelling, trouble breathing, tingling of the hands and feet, dizziness, lightheadedness, chest pain, muscle pain or flushing

## SECTION 12: ECOLOGICAL INFORMATION

### 12.1. Toxicity

### 12.2. Persistence and degradability

Persistence Insoluble in water.

### 12.3. Bioaccumulative potential

Tá féidearthacht éigin bhithcharntha leis an ábhar

### 12.4. Mobility in soil

Spillage unlikely to penetrate soil Ní dócha a bheith gluaisteach sa chomhshaol de thairbhe a intuaslagthacht lag in uisce.

### 12.5. Results of PBT and vPvB assessment

No data available for assessment.

### 12.6. Other adverse effects

Endocrine Disruptor Information  
Persistent Organic Pollutant  
Ozone Depletion Potential

This product does not contain any known or suspected endocrine disruptors  
This product does not contain any known or suspected substance  
This product does not contain any known or suspected substance

## SECTION 13: DISPOSAL CONSIDERATIONS

### 13.1. Waste treatment methods

Waste from residues / unused products Dispose of as hazardous waste in compliance with local and national regulations. Waste is classified as hazardous. Dispose of in accordance with the European Directives on waste and hazardous waste. Dispose of in accordance with local regulations.

Contaminated packaging Dispose of this container to hazardous or special waste collection point.

European Waste Catalogue (EWC) According to the European Waste Catalogue, Waste Codes are not product specific, but application specific.

Other information Waste codes should be assigned by the user based on the application for which the product was used. Do not empty into drains.

## SECTION 14: TRANSPORT INFORMATION

# SAFETY DATA SHEET

PathoDextra Strep A, B, C, D, F, G Group Latex

Revision Date 06-Jul-2015

IMDG/IMO not regulated

14.1. UN number

14.2. UN proper shipping name

14.3. Transport hazard class(es)

14.4. Packing group

ADR not regulated

14.1. UN number

14.2. UN proper shipping name

14.3. Transport hazard class(es)

14.4. Packing group

IATA not regulated

14.1. UN number

14.2. UN proper shipping name

14.3. Transport hazard class(es)

14.4. Packing group

14.5. Environmental hazards No hazards identified

14.6. Special precautions for user No special precautions required

14.7. Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code Not applicable, packaged goods

## SECTION 15: REGULATORY INFORMATION

### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

Take note of Control of Substances Hazardous to Health Regulations (COSHH) 2002 and 2005 Amendment.

Take note of Dir 94/33/EC on the protection of young people at work

Take note of Directive 98/24/EC on the protection of the health and safety of workers from the risks related to chemical agents at work

### 15.2. Chemical safety assessment

Chemical Safety Assessment/Reports (CSA/CSR) are not required for mixtures

## SECTION 16: OTHER INFORMATION

### Full Text of H-/EUH-Statements Referred to Under Section 3

H300 - Fatal if swallowed

H400 - Very toxic to aquatic life

# SAFETY DATA SHEET

PathoDxtra Strep A, B, C, D, F, G Group Latex

Revision Date 06-Jul-2015

H410 - Very toxic to aquatic life with long lasting effects  
EUH032 - I dteagmháil le haigéid scaoiltear gás an-tocsaineach.  
H331 - Toxic if inhaled  
H301 - Toxic if swallowed  
H314 - Causes severe skin burns and eye damage  
H317 - May cause an allergic skin reaction  
H311 - Toxic in contact with skin  
EUH032 - Contact with acids liberates very toxic gas

## Legend

**CAS** - Chemical Abstracts Service

**EINECS/ELINCS** - European Inventory of Existing Commercial Chemical Substances/EU List of Notified Chemical Substances

**PICCS** - Philippines Inventory of Chemicals and Chemical Substances

**IECSC** - China Inventory of Existing Chemical Substances

**KECL** - Korean Existing and Evaluated Chemical Substances

**WEL** - Workplace Exposure Limit

**ACGIH** - American Conference of Governmental Industrial Hygienists

**DNEL** - Derived No Effect Level

**RPE** - Respiratory Protective Equipment

**LC50** - Lethal Concentration 50%

**NOEC** - No Observed Effect Concentration

**PBT** - Persistent, Bioaccumulative, Toxic

**ADR** - European Agreement Concerning the International Carriage of Dangerous Goods by Road

**IMO/IMDG** - International Maritime Organization/International Maritime Dangerous Goods Code

**OECD** - Organisation for Economic Co-operation and Development

**BCF** - Bioconcentration factor (BCF)

### **Key literature references and sources for data**

Suppliers safety data sheet, Chemadvisor - LOLI, Merck index, RTECS

**TSCA** - United States Toxic Substances Control Act Section 8(b) Inventory

**DSL/NDSL** - Canadian Domestic Substances List/Non-Domestic Substances List

**ENCS** - Japan Existing and New Chemical Substances

**AICS** - Australian Inventory of Chemical Substances

## SECTION 1: IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY/UNDERTAKING

### 1.1. Product identification

Product name **PathoDextra Positive Control**  
Cat No. : **DR0707**

### 1.2. Relevant identified uses of the substance or mixture and uses advised against

Recommended use Laboratory chemicals.  
Uses advised against No information available

### 1.3. Details of the supplier of the safety data sheet

|                |                                                                                                                                                                                                                           |                                                                                                              |

## SECTION 4: FIRST AID MEASURES

### 4.1. Description of first aid measures

|                            |                                                                                                                                                  |
|----------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| Eye contact                | Rinse thoroughly with plenty of water, also under the eyelids. Get medical attention if symptoms occur.                                          |
| Skin contact               | Wash off immediately with soap and plenty of water. Get medical attention if symptoms occur.                                                     |
| Ingestion                  | Clean mouth with water and drink afterwards plenty of water. Get medical attention.                                                              |
| Inhalation                 | Move to fresh air.                                                                                                                               |
| Protection of first-aiders | Ensure that medical personnel are aware of the material(s) involved, take precautions to protect themselves and prevent spread of contamination. |

### 4.2. Most important symptoms and effects, both acute and delayed

No information available.

### 4.3. Indication of any immediate medical attention and special treatment needed

Notes to physician Treat symptomatically.

## SECTION 5: FIREFIGHTING MEASURES

### 5.1. Extinguishing media

#### Suitable extinguishing media

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

#### Extinguishing media which must not be used for safety reasons

No information available.

### 5.2. Special hazards arising from the substance or mixture

Thermal decomposition can lead to release of irritating gases and vapours.

#### Hazardous combustion products

nitrogen oxides (NOx), Carbon oxides.

### 5.3. Advice for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

## SECTION 6: ACCIDENTAL RELEASE MEASURES

### 6.1. Personal precautions, protective equipment and emergency procedures

# SAFETY DATA SHEET

PathoDextra Positive Control

Revision Date 15-Sep-2014

Avoid contact with the skin and the eyes. Use personal protective equipment. Ensure adequate ventilation.

## 6.2. Environmental precautions

Prevent further leakage or spillage if safe to do so.

## 6.3. Methods and material for containment and cleaning up

Soak up with inert absorbent material. Clean contaminated surface thoroughly.

## 6.4. Reference to other sections

Refer to protective measures listed in Sections 8 and 13.

## SECTION 7: HANDLING AND STORAGE

### 7.1. Precautions for safe handling

Avoid contact with skin, eyes and clothing. Wear personal protective equipment.

### 7.2. Conditions for safe storage, including any incompatibilities

Keep container tightly closed in a dry and well-ventilated place.

### 7.3. Specific end use(s)

Use in laboratories

## SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

### 8.1. Control parameters

#### Exposure limits

| Component    | European Union                                                  | The United Kingdom                                              | France                                                                                                                                    | Belgium                                                         | Spain                                                                                                             |

## Biological limit values

This product, as supplied, does not contain any hazardous materials with biological limits established by the region specific regulatory bodies.

## Monitoring methods

BS EN 14042:2003 Title Identifier: Workplace atmospheres. Guide for the application and use of procedures for the assessment of exposure to chemical and biological agents.

**Derived No Effect Level (DNEL)** No information available

| Route of exposure            | Acute effects (local) | Acute effects (systemic) | Chronic effects (local) | Chronic effects (systemic) |
|------------------------------|-----------------------|--------------------------|-------------------------|----------------------------|
| Oral<br>Dermal<br>Inhalation |                       |                          |                         |                            |

**Predicted No Effect Concentration (PNEC)** No information available.

## 8.2. Exposure controls

### Engineering measures

Ensure adequate ventilation, especially in confined areas.

Wherever possible, engineering control measures such as the isolation or enclosure of the process, the introduction of process or equipment changes to minimise release or contact, and the use of properly designed ventilation systems, should be adopted to control hazardous materials at source

### Personal protective equipment

**Eye protection**

Safety glasses with side-shields (European standard - EN 166)

**Hand protection**

Protective gloves

| Glove material    | Breakthrough time                 | Glove thickness | EU standard | Glove comments        |
|-------------------|-----------------------------------|-----------------|-------------|-----------------------|
| Disposable gloves | See manufacturers recommendations | -               | EN 374      | (minimum requirement) |

**Skin and body protection** Long sleeved clothing

Inspect gloves before use.

Please observe the instructions regarding permeability and breakthrough time which are provided by the supplier of the gloves.

(Refer to manufacturer/supplier for information)

Ensure gloves are suitable for the task: Chemical compatability, Dexterity, Operational conditions, User susceptibility, e.g. sensitisation effects, also take into consideration the specific local conditions under which the product is used, such as the danger of cuts, abrasion.

Remove gloves with care avoiding skin contamination.

### 9.2. Other information

## SECTION 10: STABILITY AND REACTIVITY

**10.1. Reactivity**  
None known based on information supplied

**10.2. Chemical stability**  
Stable under recommended storage conditions

### 10.3. Possibility of hazardous reactions

**Hazardous polymerisation**  
Hazardous polymerisation does not occur.  
**Hazardous reactions**  
None under normal processing.

**10.4. Conditions to avoid**  
None known.

### 10.5. Incompatible materials

# SAFETY DATA SHEET

PathoDxtra Positive Control

Revision Date 15-Sep-2014

Acids.

## 10.6. Hazardous decomposition products

nitrogen oxides (NOx). Carbon oxides.

## SECTION 11: TOXICOLOGICAL INFORMATION

### 11.1. Information on toxicological effects

**Product Information** Product does not present an acute toxicity hazard based on known or supplied information

**(a) acute toxicity;**

|            |                   |
|------------|-------------------|
| Oral       | no data available |
| Dermal     | no data available |
| Inhalation | no data available |

| Component    | LD50 Oral        | LD50 Dermal                             | LC50 Ionanálú |
|--------------|------------------|-----------------------------------------|---------------|
| Sodium azide | 27 mg/kg ( Rat ) | 50 mg/kg ( Rat )<br>20 mg/kg ( Rabbit ) |               |

**(b) skin corrosion/irritation;** no data available

**(c) serious eye damage/irritation;** no data available

**(d) respiratory or skin sensitization;**

|             |                   |
|-------------|-------------------|
| Respiratory | no data available |
| Skin        | no data available |

**(e) germ cell mutagenicity;** no data available

**(f) carcinogenicity;** no data available

Níl ceimiceáin charcanaigineacha atá ar eolas sa táirge seo

**(g) reproductive toxicity;** no data available

**(h) STOT-single exposure;** no data available

**(i) STOT-repeated exposure;** no data available

**Target Organs** No information available.

**(j) aspiration hazard;** no data available

**Symptoms / effects, both acute and delayed** No information available

## SECTION 12: ECOLOGICAL INFORMATION

### 12.1. Toxicity

#### Ecotoxicity effects

Not established. However, at the concentration present, this preparation is not expected to present significant adverse environmental effects.

| Component    | Éisc Fionnuisce                                                 | Míol Gorm | Algaí Fionnuisce | Microtox |
|--------------|-----------------------------------------------------------------|-----------|------------------|----------|
| Sodium azide | 5.46 mg/L LC50 96 h<br>0.7 mg/L LC50 96 h 0.8<br>mg/L LC50 96 h |           |                  |          |

**12.2. Persistence and degradability** No information available

**12.3. Bioaccumulative potential** No information available

# SAFETY DATA SHEET

PathoDextra Positive Control

Revision Date 15-Sep-2014

**12.4. Mobility in soil** No information available.

**12.5. Results of PBT and vPvB assessment** No data available for assessment.

**12.6. Other adverse effects**  
**Endocrine Disruptor Information** This product does not contain any known or suspected endocrine disruptors  
**Persistent Organic Pollutant** This product does not contain any known or suspected substance  
**Ozone Depletion Potential** This product does not contain any known or suspected substance

## SECTION 13: DISPOSAL CONSIDERATIONS

### 13.1. Waste treatment methods

**Waste from residues / unused products** Chemical waste generators must determine whether a discarded chemical is classified as a hazardous waste. Consult local, regional, and national hazardous waste regulations to ensure complete and accurate classification.

**Contaminated packaging** Empty remaining contents. Dispose of in accordance with local regulations. Do not re-use empty containers.

**European Waste Catalogue (EWC)** According to the European Waste Catalogue, Waste Codes are not product specific, but application specific.

**Other information** Waste codes should be assigned by the user based on the application for which the product was used.

## SECTION 14: TRANSPORT INFORMATION

**IMDG/IMO** not regulated

**14.1. UN number**  
**14.2. UN proper shipping name**  
**14.3. Transport hazard class(es)**  
**14.4. Packing group**

**ADR** not regulated

**14.1. UN number**  
**14.2. UN proper shipping name**  
**14.3. Transport hazard class(es)**  
**14.4. Packing group**

**IATA** not regulated

**14.1. UN number**  
**14.2. UN proper shipping name**  
**14.3. Transport hazard class(es)**  
**14.4. Packing group**

**14.5. Environmental hazards** No hazards identified

**14.6. Special precautions for user** No special precautions required

**14.7. Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code** Not applicable, packaged goods

## SECTION 15: REGULATORY INFORMATION

### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

## National Regulations

| Component    | Germany - Water Classification (VwVwS) | Germany - TA-Luft Class |
|--------------|----------------------------------------|-------------------------|
| Sodium azide | WGK 2                                  |                         |

Take note of Control of Substances Hazardous to Health Regulations (COSHH) 2002 and 2005 Amendment.

Take note of Dir 94/33/EC on the protection of young people at work

Take note of Directive 98/24/EC on the protection of the health and safety of workers from the risks related to chemical agents at work

## 15.2. Chemical safety assessment

A Chemical Safety Assessment/Report (CSA/CSR) has not been conducted

## SECTION 16: OTHER INFORMATION

### Full Text of H-/EUH-Statements Referred to Under Section 3

H300 - Fatal if swallowed

H400 - Very toxic to aquatic life

H410 - Very toxic to aquatic life with long lasting effects

EUH032 - Contact with acids liberates very toxic gas

### Legend

**CAS** - Chemical Abstracts Service

**EINECS/ELINCS** - European Inventory of Existing Commercial Chemical Substances/EU List of Notified Chemical Substances

**PICCS** - Philippines Inventory of Chemicals and Chemical Substances

**IECSC** - China Inventory of Existing Chemical Substances

**KECL** - Korean Existing and Evaluated Chemical Substances

**WEL** - Workplace Exposure Limit

**ACGIH** - American Conference of Governmental Industrial Hygienists

**DNEL** - Derived No Effect Level

**RPE** - Respiratory Protective Equipment

**LC50** - Lethal Concentration 50%

**NOEC** - No Observed Effect Concentration

**PBT** - Persistent, Bioaccumulative, Toxic

**ADR** - European Agreement Concerning the International Carriage of Dangerous Goods by Road

**IMO/IMDG** - International Maritime Organization/International Maritime Dangerous Goods Code

**OECD** - Organisation for Economic Co-operation and Development

**BCF** - Bioconcentration factor (BCF)

### Key literature references and sources for data

Suppliers safety data sheet, Chemadvisor - LOLI, Merck index, RTECS

**TSCA** - United States Toxic Substances Control Act Section 8(b) Inventory

**DSL/NDL** - Canadian Domestic Substances List/Non-Domestic Substances List

**ENCS** - Japan Existing and New Chemical Substances

**AICS** - Australian Inventory of Chemical Substances

**NZIoC** - New Zealand Inventory of Chemicals

**TWA** - Time Weighted Average

**IARC** - International Agency for Research on Cancer

**PNEC** - Predicted No Effect Concentration

**LD50** - Lethal Dose 50%

**EC50** - Effective Concentration 50%

**POW** - Partition coefficient Octanol:Water

**vPvB** - very Persistent, very Bioaccumulative

**ICAO/IATA** - International Civil Aviation Organization/International Air Transport Association

**MARPOL** - International Convention for the Prevention of Pollution from Ships

**ATE** - Acute Toxicity Estimate

**VOC** - Volatile organic compounds

### Training advice

Chemical hazard awareness training, incorporating labelling, Safety Data Sheets (SDS), Personal Protective Equipment (PPE) and hygiene.

**Issuing date** 30-Aug-2011

**Revision Date** 15-Sep-2014

**Revision Summary** Update to Format.

**This safety datasheet complies with the requirements of Regulation (EC) No. 1907/2006**

Revision Number 3

## SECTION 1: IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY/UNDERTAKING

### 1.1. Product identification

Product name **PathoDextra Extraction Reagent 1**  
Cat No. : **DR0709A**

### 1.2. Relevant identified uses of the substance or mixture and uses advised against

Recommended use Laboratory chemicals.  
Uses advised against No information available

### 1.3. Details of the supplier of the safety data sheet

|                |                                                                                                                                                                                                                           |                                                                                                              |

### 1.4. Emergency telephone number

Carechem 24: +44 (0) 1865 407333

## SECTION 2: HAZARDS IDENTIFICATION

### 2.1. Classification of the substance or mixture

#### GHS Classification

##### Physical hazards

Based on available data, the classification criteria are not met

##### Health hazards

Acute oral toxicity

Category 4

##### Environmental hazards

Based on available data, the classification criteria are not met

### 2.2. Label elements

Signal word

Warning

#### **Hazard statements**

H302 - Harmful if swallowed

# SAFETY DATA SHEET

PathoDextra Extraction Reagent 1

Revision Date 06-Jul-2015

## Precautionary statements

P301 + P310 - IF SWALLOWED: Immediately call a POISON CENTER or doctor/ physician  
P280 - Wear protective gloves  
P264 - Wash face, hands and any exposed skin thoroughly after handling

## 2.3. Other hazards

## SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

### 3.2. Mixtures

| Component      | CAS-No    | EC-No.    | Weight percent | GHS Classification                                                                        |
|----------------|-----------|-----------|----------------|-------------------------------------------------------------------------------------------|
| Sodium nitrite | 7632-00-0 | 231-555-9 | 6.9            | Ox. Sol. 3 (H272)<br>Acute Tox. 3 (H301)<br>Eye Irrit. 2 (H319)<br>Aquatic Acute 1 (H400) |

Full text of Hazard Statements: see section 16

## SECTION 4: FIRST AID MEASURES

### 4.1. Description of first aid measures

|                            |                                                                                                                                                  |
|----------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------|
| General advice             | If symptoms persist, call a physician.                                                                                                           |
| Eye contact                | Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Obtain medical attention.                               |
| Skin contact               | Wash off immediately with soap and plenty of water. Get medical attention if symptoms occur.                                                     |
| Ingestion                  | Clean mouth with water and drink afterwards plenty of water. Obtain medical attention.                                                           |
| Inhalation                 | Move to fresh air. If breathing is difficult, give oxygen. Obtain medical attention.                                                             |
| Protection of first-aiders | Ensure that medical personnel are aware of the material(s) involved, take precautions to protect themselves and prevent spread of contamination. |

### 4.2. Most important symptoms and effects, both acute and delayed

None reasonably foreseeable.

### 4.3. Indication of any immediate medical attention and special treatment needed

|                    |                        |
|--------------------|------------------------|
| Notes to physician | Treat symptomatically. |
|--------------------|------------------------|

## SECTION 5: FIREFIGHTING MEASURES

### 5.1. Extinguishing media

#### Suitable extinguishing media

Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

#### Extinguishing media which must not be used for safety reasons

No information available.

### 5.2. Special hazards arising from the substance or mixture

Thermal decomposition can lead to release of irritating gases and vapours.

# SAFETY DATA SHEET

PathoDextra Extraction Reagent 1

Revision Date 06-Jul-2015

## Hazardous combustion products

Carbon oxides, nitrogen oxides (NO<sub>x</sub>).

### 5.3. Advice for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

## SECTION 6: ACCIDENTAL RELEASE MEASURES

### 6.1. Personal precautions, protective equipment and emergency procedures

Ensure adequate ventilation. Avoid contact with skin, eyes and clothing. Use personal protective equipment.

### 6.2. Environmental precautions

Should not be released into the environment.

### 6.3. Methods and material for containment and cleaning up

Soak up with inert absorbent material. Keep in suitable, closed containers for disposal.

### 6.4. Reference to other sections

Refer to protective measures listed in Sections 8 and 13.

## SECTION 7: HANDLING AND STORAGE

### 7.1. Precautions for safe handling

Wear personal protective equipment. Do not get in eyes, on skin, or on clothing. Ensure adequate ventilation. Avoid ingestion and inhalation.

### 7.2. Conditions for safe storage, including any incompatibilities

Keep container tightly closed. Keep at temperatures between 2°C and 8°C.

### 7.3. Specific end use(s)

Use in laboratories

## SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

### 8.1. Control parameters

#### Exposure limits

List source **EU** - Commission Directive 2006/15/EC of 7 February 2006 establishing a second list of indicative occupational exposure limit values in implementation of Council Directive 98/24/EC and amending Directives 91/322/EEC and 2000/39/EC on the protection of the health and safety of workers from the risks related to chemical agents at work.

| Component      | Latvia | Lithuania                      | Luxembourg | Malta | Romania |
|----------------|--------|--------------------------------|------------|-------|---------|
| Sodium nitrite |        | Ceiling: 0.1 mg/m <sup>3</sup> |            |       |         |

| Component      | Russia                     | Slovak Republic | Slovenia | Sweden | Turkey |
|----------------|----------------------------|-----------------|----------|--------|--------|
| Sodium nitrite | MAC: 0.1 mg/m <sup>3</sup> |                 |          |        |        |

#### Biological limit values

This product, as supplied, does not contain any hazardous materials with biological limits established by the region specific

# SAFETY DATA SHEET

PathoDxtra Extraction Reagent 1

Revision Date 06-Jul-2015

regulatory bodies.

## Monitoring methods

BS EN 14042:2003 Title Identifier: Workplace atmospheres. Guide for the application and use of procedures for the assessment of exposure to chemical and biological agents.

**Derived No Effect Level (DNEL)** No information available

| Route of exposure            | Acute effects (local) | Acute effects (systemic) | Chronic effects (local) | Chronic effects (systemic) |
|------------------------------|-----------------------|--------------------------|-------------------------|----------------------------|
| Oral<br>Dermal<br>Inhalation |                       |                          |                         |                            |

**Predicted No Effect Concentration (PNEC)** No information available.

## 8.2. Exposure controls

### Engineering measures

Ensure adequate ventilation, especially in confined areas.

Wherever possible, engineering control measures such as the isolation or enclosure of the process, the introduction of process or equipment changes to minimise release or contact, and the use of properly designed ventilation systems, should be adopted to control hazardous materials at source

### Personal protective equipment

**Eye protection** Safety glasses with side-shields (European standard - EN 166)  
**Hand protection** Protective gloves

| Glove material    | Breakthrough time                 | Glove thickness | EU standard | Glove comments        |
|-------------------|-----------------------------------|-----------------|-------------|-----------------------|
| Disposable gloves | See manufacturers recommendations | -               | EN 374      | (minimum requirement) |

**Skin and body protection** Long sleeved clothing

Inspect gloves before use.

Please observe the instructions regarding permeability and breakthrough time which are provided by the supplier of the gloves. (Refer to manufacturer/supplier for information)

Ensure gloves are suitable for the task: Chemical compatibility, Dexterity, Operational conditions, User susceptibility, e.g. sensitisation effects, also take into consideration the specific local conditions under which the product is used, such as the danger of cuts, abrasion.

Remove gloves with care avoiding skin contamination.

**Respiratory protection** When workers are facing concentrations above the exposure limit they must use appropriate certified respirators.  
To protect the wearer, respiratory protective equipment must be the correct fit and be used and maintained properly

**Large scale/emergency use** In case of insufficient ventilation wear suitable respiratory equipment

**Small scale/Laboratory use** Use a NIOSH/MSHA or European Standard EN 149:2001 approved respirator if exposure limits are exceeded or if irritation or other symptoms are experienced.  
When RPE is used a face piece Fit Test should be conducted

**Hygiene measures** Handle in accordance with good industrial hygiene and safety practice.

**Environmental exposure controls** Prevent product from entering drains. Do not allow material to contaminate ground water system. Local authorities should be advised if significant spillages cannot be contained.

## SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

### 9.1. Information on basic physical and chemical properties

**Appearance** blue  
**Physical state** liquid

# SAFETY DATA SHEET

PathoDextra Extraction Reagent 1

Revision Date 06-Jul-2015

|                                         |                           |                                           |

## 9.2. Other information

## SECTION 10: STABILITY AND REACTIVITY

### 10.1. Reactivity

None known based on information supplied

### 10.2. Chemical stability

Stable under normal conditions

### 10.3. Possibility of hazardous reactions

#### Hazardous polymerisation

Hazardous polymerisation does not occur.

#### Hazardous reactions

None under normal processing.

### 10.4. Conditions to avoid

Incompatible products. Excess heat.

### 10.5. Incompatible materials

Combustible material. Strong oxidizing agents.

### 10.6. Hazardous decomposition products

Carbon oxides. nitrogen oxides (NOx).

## SECTION 11: TOXICOLOGICAL INFORMATION

### 11.1. Information on toxicological effects

#### Product Information

##### (a) acute toxicity;

Oral

Category 4

Dermal

Based on available data, the classification criteria are not met

Inhalation

Based on available data, the classification criteria are not met

### Toxicology data for the components

# SAFETY DATA SHEET

PathoDextra Extraction Reagent 1

Revision Date 06-Jul-2015

| Component      | LD50 Oral        | LD50 Dermal | LC50 Ionanálú        |
|----------------|------------------|-------------|----------------------|
| Sodium nitrite | 85 mg/kg ( Rat ) |             | 5.5 mg/L ( Rat ) 4 h |

(b) skin corrosion/irritation; no data available

(c) serious eye damage/irritation; no data available

(d) respiratory or skin sensitization;  
Respiratory no data available  
Skin no data available

(e) germ cell mutagenicity; no data available

(f) carcinogenicity; no data available

The table below indicates whether each agency has listed any ingredient as a carcinogen

(g) reproductive toxicity; no data available

(h) STOT-single exposure; no data available

(i) STOT-repeated exposure; no data available

Target Organs No information available.

(j) aspiration hazard; no data available

Symptoms / effects, both acute and delayed No information available

## SECTION 12: ECOLOGICAL INFORMATION

### 12.1. Toxicity

#### Ecotoxicity effects

Very toxic to aquatic organisms. However, at the concentration present, this preparation is not expected to present significant adverse environmental effects. Contains a substance which is: The product contains following substances which are hazardous for the environment.

| Component      | Éisc Fionnuisce                                      | Míol Gorm         | Algaí Fionnuisce | Microtox |
|----------------|------------------------------------------------------|-------------------|------------------|----------|
| Sodium nitrite | Oncorhynchus mykiss:<br>LC50 = 0.09-0.13 mg/L<br>96h | 12.5-100 mg/L 48h | -                | -        |

### 12.2. Persistence and degradability

#### Persistence

Soluble in water, Persistence is unlikely, based on information supplied.

#### Degradation in sewage treatment plant

Contains substances known to be hazardous to the environment or not degradable in waste water treatment plants.

### 12.3. Bioaccumulative potential

Bioaccumulation is unlikely

| Component      | log Pow | Bioconcentration factor (BCF) |
|----------------|---------|-------------------------------|
| Sodium nitrite | -3.7    | no data available             |

### 12.4. Mobility in soil

The product is water soluble, and may spread in water systems Soluble in water. Is dócha a bheith gluaisteach sa chomhshaol de thairbhe a intuaslagthacht in uisce. Highly mobile in soils

### 12.5. Results of PBT and vPvB assessment

No data available for assessment.

### 12.6. Other adverse effects

#### Endocrine Disruptor Information

This product does not contain any known or suspected endocrine disruptors

# SAFETY DATA SHEET

PathoDextra Extraction Reagent 1

Revision Date 06-Jul-2015

**Persistent Organic Pollutant**  
**Ozone Depletion Potential**

This product does not contain any known or suspected substance  
This product does not contain any known or suspected substance

## SECTION 13: DISPOSAL CONSIDERATIONS

### 13.1. Waste treatment methods

**Waste from residues / unused products**

Dispose of as hazardous waste in compliance with local and national regulations. Waste is classified as hazardous. Dispose of in accordance with the European Directives on waste and hazardous waste. Dispose of in accordance with local regulations.

**Contaminated packaging**

Dispose of in accordance with federal, state, and local regulations. Dispose of this container to hazardous or special waste collection point.

**European Waste Catalogue (EWC)**

According to the European Waste Catalogue, Waste Codes are not product specific, but application specific.

**Other information**

Do not dispose of waste into sewer. Waste codes should be assigned by the user based on the application for which the product was used. Do not empty into drains.

## SECTION 14: TRANSPORT INFORMATION

**IMDG/IMO**

not regulated

**14.1. UN number**

**14.2. UN proper shipping name**

**14.3. Transport hazard class(es)**

**14.4. Packing group**

**ADR**

not regulated

**14.1. UN number**

**14.2. UN proper shipping name**

**14.3. Transport hazard class(es)**

**14.4. Packing group**

**IATA**

not regulated

**14.1. UN number**

**14.2. UN proper shipping name**

**14.3. Transport hazard class(es)**

**14.4. Packing group**

**14.5. Environmental hazards**

No hazards identified

**14.6. Special precautions for user**

No special precautions required

**14.7. Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code**

Not applicable, packaged goods

## SECTION 15: REGULATORY INFORMATION

### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

**International Inventories**

X = listed

Take note of Control of Substances Hazardous to Health Regulations (COSHH) 2002 and 2005 Amendment.

Take note of Dir 94/33/EC on the protection of young people at work

Take note of Directive 98/24/EC on the protection of the health and safety of workers from the risks related to chemical agents at work

## 15.2. Chemical safety assessment

Chemical Safety Assessment/Reports (CSA/CSR) are not required for mixtures

## SECTION 16: OTHER INFORMATION

### Full Text of H-/EUH-Statements Referred to Under Section 3

H272 - May intensify fire; oxidiser

H300 - Fatal if swallowed

H301 - Toxic if swallowed

H319 - Causes serious eye irritation

H400 - Very toxic to aquatic life

H410 - Very toxic to aquatic life with long lasting effects

EUH032 - Contact with acids liberates very toxic gas

H272 - May intensify fire; oxidiser

### Legend

**CAS** - Chemical Abstracts Service

**EINECS/ELINCS** - European Inventory of Existing Commercial Chemical Substances/EU List of Notified Chemical Substances

**PICCS** - Philippines Inventory of Chemicals and Chemical Substances

**IECSC** - China Inventory of Existing Chemical Substances

**KECL** - Korean Existing and Evaluated Chemical Substances

**TSCA** - United States Toxic Substances Control Act Section 8(b) Inventory

**DSL/NDL** - Canadian Domestic Substances List/Non-Domestic Substances List

**ENCS** - Japan Existing and New Chemical Substances

**AICS** - Australian Inventory of Chemical Substances

**NZIoC** - New Zealand Inventory of Chemicals

**WEL** - Workplace Exposure Limit

**ACGIH** - American Conference of Governmental Industrial Hygienists

**DNEL** - Derived No Effect Level

**RPE** - Respiratory Protective Equipment

**LC50** - Lethal Concentration 50%

**NOEC** - No Observed Effect Concentration

**PBT** - Persistent, Bioaccumulative, Toxic

**TWA** - Time Weighted Average

**IARC** - International Agency for Research on Cancer

**PNEC** - Predicted No Effect Concentration

**LD50** - Lethal Dose 50%

**EC50** - Effective Concentration 50%

**POW** - Partition coefficient Octanol:Water

**vPvB** - very Persistent, very Bioaccumulative

**ADR** - European Agreement Concerning the International Carriage of Dangerous Goods by Road

**IMO/IMDG** - International Maritime Organization/International Maritime Dangerous Goods Code

**OECD** - Organisation for Economic Co-operation and Development

**BCF** - Bioconcentration factor (BCF)

## SECTION 1: IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY/UNDERTAKING

### 1.1. Product identification

Product name **PathoDextra Extraction Reagent 2**  
Cat No. : **DR0709B**

### 1.2. Relevant identified uses of the substance or mixture and uses advised against

Recommended use Laboratory chemicals.  
Uses advised against No information available

### 1.3. Details of the supplier of the safety data sheet

Carechem 24: +44 (0) 1865 407333

## SECTION 2: HAZARDS IDENTIFICATION

### 2.1. Classification of the substance or mixture

#### GHS Classification

##### Physical hazards

Based on available data, the classification criteria are not met

##### Health hazards

Based on available data, the classification criteria are not met

##### Environmental hazards

Based on available data, the classification criteria are not met

### 2.2. Label elements

Signal word **none**

Hazard statements

Precautionary statements

### 2.3. Other hazards

# SAFETY DATA SHEET

PathoDextra Extraction Reagent 2

Revision Date 06-Jul-2015

## SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS

### 3.2. Mixtures

| Component   | CAS-No  | EC-No.    | Weight percent | GHS Classification                                               |
|-------------|---------|-----------|----------------|------------------------------------------------------------------|
| Acetic acid | 64-19-7 | 200-580-7 | 8.6            | Flam. Liq. 3 (H226)<br>Skin Corr. 1A (H314)<br>Eye Dam. 1 (H318) |

Full text of Hazard Statements: see section 16

## SECTION 4: FIRST AID MEASURES

### 4.1. Description of first aid measures

|                            |                                                                                                                            |
|----------------------------|----------------------------------------------------------------------------------------------------------------------------|
| General advice             | Do not get in eyes, on skin, or on clothing.                                                                               |
| Eye contact                | Rinse thoroughly with plenty of water, also under the eyelids. Obtain medical attention. Keep eye wide open while rinsing. |
| Skin contact               | Wash off immediately with plenty of water. Obtain medical attention if irritation persists.                                |
| Ingestion                  | Clean mouth with water and drink afterwards plenty of water. Obtain medical attention. Do NOT induce vomiting.             |
| Inhalation                 | Move to fresh air. Get medical attention if symptoms occur.                                                                |
| Protection of first-aiders | No special precautions required.                                                                                           |

### 4.2. Most important symptoms and effects, both acute and delayed

No information available.

### 4.3. Indication of any immediate medical attention and special treatment needed

|                    |                        |
|--------------------|------------------------|
| Notes to physician | Treat symptomatically. |
|--------------------|------------------------|

## SECTION 5: FIREFIGHTING MEASURES

### 5.1. Extinguishing media

#### Suitable extinguishing media

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

#### Extinguishing media which must not be used for safety reasons

No information available.

### 5.2. Special hazards arising from the substance or mixture

Thermal decomposition can lead to release of irritating gases and vapours. In the event of fire and/or explosion do not breathe fumes.

#### Hazardous combustion products

Thermal decomposition can lead to release of irritating gases and vapours.

### 5.3. Advice for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

## SECTION 6: ACCIDENTAL RELEASE MEASURES

# SAFETY DATA SHEET

PathoDextra Extraction Reagent 2

Revision Date 06-Jul-2015

## 6.1. Personal precautions, protective equipment and emergency procedures

Avoid contact with skin, eyes and clothing. Ensure adequate ventilation. Use personal protective equipment.

## 6.2. Environmental precautions

Prevent further leakage or spillage if safe to do so. Prevent product from entering drains.

## 6.3. Methods and material for containment and cleaning up

Soak up with inert absorbent material. Clean contaminated surface thoroughly.

## 6.4. Reference to other sections

Refer to protective measures listed in Sections 8 and 13.

## SECTION 7: HANDLING AND STORAGE

### 7.1. Precautions for safe handling

Avoid contact with skin, eyes and clothing. Ensure adequate ventilation.

### 7.2. Conditions for safe storage, including any incompatibilities

Keep container tightly closed. Keep at temperatures between 2°C and 8°C.

### 7.3. Specific end use(s)

Use in laboratories

## SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

### 8.1. Control parameters

#### Exposure limits

## Biological limit values

This product, as supplied, does not contain any hazardous materials with biological limits established by the region specific regulatory bodies.

## Monitoring methods

BS EN 14042:2003 Title Identifier: Workplace atmospheres. Guide for the application and use of procedures for the assessment of exposure to chemical and biological agents.

**Derived No Effect Level (DNEL)** No information available

| Route of exposure            | Acute effects (local) | Acute effects (systemic) | Chronic effects (local) | Chronic effects (systemic) |

**Predicted No Effect Concentration (PNEC)** No information available.

## 8.2. Exposure controls

### Engineering measures

None under normal use conditions.

### Personal protective equipment

#### Eye protection

Safety glasses with side-shields (European standard - EN 166)

#### Hand protection

Protective gloves

When using, do not eat, drink or smoke. Contaminated work clothing should not be allowed out of the workplace. Regular cleaning of equipment, work area and clothing. Avoid contact with skin, eyes and clothing. For environmental protection remove and wash all contaminated protective equipment before re-use. Wear suitable gloves and eye/face protection. |
| <b>Environmental exposure controls</b>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            | No information available.                                                                                                                                                                                                                                                                                                                                                                                               |

## SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

### 9.1. Information on basic physical and chemical properties

|                                                |                           |                                           |
|------------------------------------------------|---------------------------|-------------------------------------------|
| <b>Appearance</b>                              | yellow                    |                                           |
| <b>Physical state</b>                          | liquid                    |                                           |
| <b>Odour</b>                                   | No information available  |                                           |
| <b>Odour Threshold</b>                         | no data available         |                                           |
| <b>pH</b>                                      | 2.4                       |                                           |
| <b>Melting point/range</b>                     | No data available         |                                           |
| <b>Softening point</b>                         | No data available         |                                           |
| <b>Boiling point/range</b>                     | Not applicable            |                                           |
| <b>Flash point</b>                             | Not applicable            | <b>Method -</b> No information available. |
| <b>Evaporation rate</b>                        | no data available         |                                           |
| <b>Flammability (solid,gas)</b>                | Not applicable            | liquid                                    |
| <b>Explosion limits</b>                        | no data available.        |                                           |
| <b>Vapour pressure</b>                         | no data available         |                                           |

| <b>Oxidizing properties</b>                    | No information available. |                                           |

### 9.2. Other information

# SAFETY DATA SHEET

PathoDextra Extraction Reagent 2

Revision Date 06-Jul-2015

## SECTION 10: STABILITY AND REACTIVITY

### 10.1. Reactivity

None known based on information supplied

### 10.2. Chemical stability

Stable under recommended storage conditions

### 10.3. Possibility of hazardous reactions

#### Hazardous polymerisation

Hazardous polymerisation does not occur.

#### Hazardous reactions

None under normal processing.

### 10.4. Conditions to avoid

Keep away from open flames, hot surfaces and sources of ignition. Exposure to air or moisture over prolonged periods.

### 10.5. Incompatible materials

Strong oxidizing agents.

### 10.6. Hazardous decomposition products

Thermal decomposition can lead to release of irritating gases and vapours.

## SECTION 11: TOXICOLOGICAL INFORMATION

### 11.1. Information on toxicological effects

#### Product Information

Product does not present an acute toxicity hazard based on known or supplied information

#### (a) acute toxicity;

##### Oral

Based on available data, the classification criteria are not met

##### Dermal

Based on available data, the classification criteria are not met

##### Inhalation

Based on available data, the classification criteria are not met

### Toxicology data for the components

| Component   | LD50 Oral          | LD50 Dermal           | LC50 Ionanálú         |
|-------------|--------------------|-----------------------|-----------------------|
| Acetic acid | 3310 mg/kg ( Rat ) | 1060 mg/kg ( Rabbit ) | 11.4 mg/L ( Rat ) 4 h |

#### (b) skin corrosion/irritation;

Not classified

#### (c) serious eye damage/irritation;

Not classified

#### (d) respiratory or skin sensitization;

##### Respiratory

no data available

##### Skin

no data available

#### (e) germ cell mutagenicity;

no data available

#### (f) carcinogenicity;

no data available

Níl ceimiceáin charcanaigineacha atá ar eolas sa táirge seo

#### (g) reproductive toxicity;

no data available

#### (h) STOT-single exposure;

no data available

#### (i) STOT-repeated exposure;

no data available

##### Target Organs

No information available.

#### (j) aspiration hazard;

no data available

Symptoms / effects, both acute and No information available

## SECTION 12: ECOLOGICAL INFORMATION

### 12.1. Toxicity

#### Ecotoxicity effects

| Component   | Éisc Fionnuisce                                                                          | Míol Gorm          | Algaí Fionnuisce | Microtox                                                                                                                                                                        |
|-------------|------------------------------------------------------------------------------------------|--------------------|------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Acetic acid | Pimephales promelas:<br>LC50 = 88 mg/L/96h<br>Lepomis macrochirus:<br>LC50 = 75 mg/L/96h | EC50 = 95 mg/L/24h | -                | Photobacterium<br>phosphoreum: EC50 =<br>8.8 mg/L/15 min<br>Photobacterium<br>phosphoreum: EC50 =<br>8.8 mg/L/25 min<br>Photobacterium<br>phosphoreum: EC50 =<br>8.8 mg/L/5 min |

### 12.2. Persistence and degradability

#### Persistence

Soluble in water, Persistence is unlikely, based on information supplied.

### 12.3. Bioaccumulative potential

Bioaccumulation is unlikely

| Component   | log Pow | Bioconcentration factor (BCF) |
|-------------|---------|-------------------------------|
| Acetic acid | -0.2    | no data available             |

### 12.4. Mobility in soil

The product is water soluble, and may spread in water systems Soluble in water. Is dócha a bheith gluaisteach sa chomhshaol de thairbhe a intuaslagthacht in uisce. Highly mobile in soils

### 12.5. Results of PBT and vPvB assessment

No data available for assessment.

### 12.6. Other adverse effects

#### Endocrine Disruptor Information

This product does not contain any known or suspected endocrine disruptors

#### Persistent Organic Pollutant

This product does not contain any known or suspected substance

#### Ozone Depletion Potential

This product does not contain any known or suspected substance

## SECTION 13: DISPOSAL CONSIDERATIONS

### 13.1. Waste treatment methods

#### Waste from residues / unused products

Chemical waste generators must determine whether a discarded chemical is classified as a hazardous waste. Consult local, regional, and national hazardous waste regulations to ensure complete and accurate classification.

#### Contaminated packaging

Empty remaining contents. Dispose of in accordance with local regulations. Do not re-use empty containers.

#### European Waste Catalogue (EWC)

According to the European Waste Catalogue, Waste Codes are not product specific, but application specific.

#### Other information

Waste codes should be assigned by the user based on the application for which the product was used.

## SECTION 14: TRANSPORT INFORMATION

### IMDG/IMO

not regulated

### 14.1. UN number

### 14.2. UN proper shipping name

### 14.3. Transport hazard class(es)

### 14.4. Packing group

### ADR

not regulated

# SAFETY DATA SHEET

## SECTION 1: IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY/UNDERTAKING

### 1.1. Product identification

Product name **PathoDextra Extraction Reagent 3**  
Cat No. : **DR0709C**

### 1.2. Relevant identified uses of the substance or mixture and uses advised against

Recommended use Laboratory chemicals.  
Uses advised against No information available

### 1.3. Details of the supplier of the safety data sheet

## SECTION 4: FIRST AID MEASURES

### 4.1. Description of first aid measures

|                                   |                                                                                                                         |
|-----------------------------------|-------------------------------------------------------------------------------------------------------------------------|
| <b>Eye contact</b>                | Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Obtain medical attention.      |
| <b>Skin contact</b>               | Wash off immediately with plenty of water for at least 15 minutes. Get medical attention immediately if symptoms occur. |
| <b>Ingestion</b>                  | Clean mouth with water and drink afterwards plenty of water. Get medical attention if symptoms occur.                   |
| <b>Inhalation</b>                 | Move to fresh air. Get medical attention immediately if symptoms occur.                                                 |
| <b>Protection of first-aiders</b> | No special precautions required.                                                                                        |

### 4.2. Most important symptoms and effects, both acute and delayed

None reasonably foreseeable.

### 4.3. Indication of any immediate medical attention and special treatment needed

|                           |                        |
|---------------------------|------------------------|
| <b>Notes to physician</b> | Treat symptomatically. |
|---------------------------|------------------------|

## SECTION 5: FIREFIGHTING MEASURES

### 5.1. Extinguishing media

#### **Suitable extinguishing media**

Use water spray, alcohol-resistant foam, dry chemical or carbon dioxide.

#### **Extinguishing media which must not be used for safety reasons**

No information available.

### 5.2. Special hazards arising from the substance or mixture

Thermal decomposition can lead to release of irritating gases and vapours.

#### **Hazardous combustion products**

None under normal use conditions.

### 5.3. Advice for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

# SAFETY DATA SHEET

PathoDextra Extraction Reagent 3

Revision Date 06-Jul-2015

## SECTION 6: ACCIDENTAL RELEASE MEASURES

### 6.1. Personal precautions, protective equipment and emergency procedures

Ensure adequate ventilation. Use personal protective equipment.

### 6.2. Environmental precautions

Should not be released into the environment.

### 6.3. Methods and material for containment and cleaning up

Sweep up or vacuum up spillage and collect in suitable container for disposal.

### 6.4. Reference to other sections

Refer to protective measures listed in Sections 8 and 13.

## SECTION 7: HANDLING AND STORAGE

### 7.1. Precautions for safe handling

Avoid contact with skin, eyes and clothing. Ensure adequate ventilation. Wear personal protective equipment. Avoid ingestion and inhalation.

### 7.2. Conditions for safe storage, including any incompatibilities

Keep container tightly closed. Keep at temperatures between 2°C and 8°C.

### 7.3. Specific end use(s)

Use in laboratories

## SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

### 8.1. Control parameters

#### Exposure limits

List source **EU** - Commission Directive 2006/15/EC of 7 February 2006 establishing a second list of indicative occupational exposure limit values in implementation of Council Directive 98/24/EC and amending Directives 91/322/EEC and 2000/39/EC on the protection of the health and safety of workers from the risks related to chemical agents at work.

**Predicted No Effect Concentration (PNEC)** No information available.

## 8.2. Exposure controls

### Engineering measures

None under normal use conditions.

### Personal protective equipment

#### Eye protection

Safety glasses with side-shields (European standard - EN 166)

#### Hand protection

Protective gloves

| Glove material                  | Breakthrough time                 | Glove thickness       | EU standard | Glove comments        |
|---------------------------------|-----------------------------------|-----------------------|-------------|-----------------------|
| Disposable gloves               | See manufacturers recommendations | -                     | EN 374      | (minimum requirement) |
| <b>Skin and body protection</b> |                                   | Long sleeved clothing |             |                       |

Inspect gloves before use.

Please observe the instructions regarding permeability and breakthrough time which are provided by the supplier of the gloves.

# SAFETY DATA SHEET

PathoDxtra Extraction Reagent 3

Revision Date 06-Jul-2015

(Refer to manufacturer/supplier for information)

Ensure gloves are suitable for the task: Chemical compatability, Dexterity, Operational conditions, User susceptibility, e.g. sensitisation effects, also take into consideration the specific local conditions under which the product is used, such as the danger of cuts, abrasion.

Remove gloves with care avoiding skin contamination.

|                                        |                                                                                                                                                                                                        |
|----------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Respiratory protection</b>          | No protective equipment is needed under normal use conditions.                                                                                                                                         |
| <b>Large scale/emergency use</b>       | Use a NIOSH/MSHA or European Standard EN 136 approved respirator if exposure limits are exceeded or if irritation or other symptoms are experienced<br><b>Recommended Filter type:</b> Particle filter |
| <b>Small scale/Laboratory use</b>      | Maintain adequate ventilation                                                                                                                                                                          |
| <b>Hygiene measures</b>                | Handle in accordance with good industrial hygiene and safety practice.                                                                                                                                 |
| <b>Environmental exposure controls</b> | No information available.                                                                                                                                                                              |

## SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

### 9.1. Information on basic physical and chemical properties

|                                                |                           |                                           |
|------------------------------------------------|---------------------------|-------------------------------------------|
| <b>Appearance</b>                              | clear                     |                                           |
| <b>Physical state</b>                          | liquid                    |                                           |
| <b>Odour</b>                                   | No information available  |                                           |
| <b>Odour Threshold</b>                         | no data available         |                                           |
| <b>pH</b>                                      | 10.6                      |                                           |
| <b>Melting point/range</b>                     | No data available         |                                           |
| <b>Softening point</b>                         | No data available         |                                           |
| <b>Boiling point/range</b>                     | Not applicable            |                                           |
| <b>Flash point</b>                             | Not applicable            | <b>Method -</b> No information available. |
| <b>Evaporation rate</b>                        | no data available         |                                           |
| <b>Flammability (solid,gas)</b>                | Not applicable            | liquid                                    |
| <b>Explosion limits</b>                        | no data available.        |                                           |
| <b>Vapour pressure</b>                         | no data available         |                                           |
| <b>Vapour density</b>                          | no data available         | (Air = 1.0)                               |
| <b>Specific Gravity / Density</b>              | no data available         |                                           |
| <b>Bulk density</b>                            | Not applicable            | liquid                                    |
| <b>Water solubility</b>                        | Soluble in water          |                                           |
| <b>Solubility in other solvents</b>            | No information available. |                                           |
| <b>Partition coefficient (n-octanol/water)</b> |                           |                                           |
| <b>Autoignition temperature</b>                | no data available         |                                           |
| <b>Decomposition temperature</b>               | no data available         |                                           |
| <b>Viscosity</b>                               | no data available         |                                           |
| <b>Explosive properties</b>                    | No information available. |                                           |
| <b>Oxidizing properties</b>                    | No information available. |                                           |

### 9.2. Other information

## SECTION 10: STABILITY AND REACTIVITY

10.1. Reactivity  
None known based on information supplied

10.2. Chemical stability  
Stable under normal conditions

### 10.3. Possibility of hazardous reactions

**Hazardous polymerisation** Hazardous polymerisation does not occur.  
**Hazardous reactions** None under normal processing.

# SAFETY DATA SHEET

PathoDextra Extraction Reagent 3

Revision Date 06-Jul-2015

## 10.4. Conditions to avoid

Incompatible products. Excess heat.

## 10.5. Incompatible materials

None known.

## 10.6. Hazardous decomposition products

None under normal use conditions.

## SECTION 11: TOXICOLOGICAL INFORMATION

### 11.1. Information on toxicological effects

#### Product Information

Product does not present an acute toxicity hazard based on known or supplied information

#### (a) acute toxicity;

Oral

Based on available data, the classification criteria are not met

Dermal

Based on available data, the classification criteria are not met

Inhalation

Based on available data, the classification criteria are not met

#### Toxicology data for the components

| Component                         | LD50 Oral          | LD50 Dermal                             | LC50 Ionanálú |
|-----------------------------------|--------------------|-----------------------------------------|---------------|
| Tris (hydroxymethyl) aminomethane | 5900 mg/kg ( Rat ) |                                         |               |
| Sodium azide                      | 27 mg/kg ( Rat )   | 50 mg/kg ( Rat )<br>20 mg/kg ( Rabbit ) |               |

#### (b) skin corrosion/irritation;

no data available

#### (c) serious eye damage/irritation;

no data available

#### (d) respiratory or skin sensitization;

Respiratory

no data available

Skin

no data available

#### (e) germ cell mutagenicity;

no data available

#### (f) carcinogenicity;

no data available

Níl ceimiceáin charcanaigineacha atá ar eolas sa táirge seo

#### (g) reproductive toxicity;

no data available

#### (h) STOT-single exposure;

no data available

#### (i) STOT-repeated exposure;

no data available

Target Organs

No information available.

#### (j) aspiration hazard;

no data available

Symptoms / effects, both acute and delayed No information available

## SECTION 12: ECOLOGICAL INFORMATION

### 12.1. Toxicity

#### Ecotoxicity effects

| Component    | Éisc Fionnuisce                               | Míol Gorm | Algaí Fionnuisce | Microtox |
|--------------|-----------------------------------------------|-----------|------------------|----------|
| Sodium azide | 5.46 mg/L LC50 96 h<br>0.7 mg/L LC50 96 h 0.8 |           |                  |          |

Revision Date 06-Jul-2015

|  |                |  |  |  |
|--|----------------|--|--|--|
|  | mg/L LC50 96 h |  |  |  |
|--|----------------|--|--|--|

## 12.2. Persistence and degradability

### Persistence

Soluble in water, Persistence is unlikely, based on information supplied.

## 12.3. Bioaccumulative potential

Bioaccumulation is unlikely

## 12.4. Mobility in soil

The product is water soluble, and may spread in water systems Is dócha a bheith gluaisteach sa chomhshaol de thairbhe a intuaslachtacht in uisce. Highly mobile in soils

## 12.5. Results of PBT and vPvB assessment

No data available for assessment.

## 12.6. Other adverse effects

### Endocrine Disruptor Information

This product does not contain any known or suspected endocrine disruptors

### Persistent Organic Pollutant

This product does not contain any known or suspected substance

### Ozone Depletion Potential

This product does not contain any known or suspected substance

## SECTION 13: DISPOSAL CONSIDERATIONS

### 13.1. Waste treatment methods

#### Waste from residues / unused products

Chemical waste generators must determine whether a discarded chemical is classified as a hazardous waste. Consult local, regional, and national hazardous waste regulations to ensure complete and accurate classification.

#### Contaminated packaging

Empty remaining contents. Dispose of in accordance with local regulations. Do not re-use empty containers.

#### European Waste Catalogue (EWC)

According to the European Waste Catalogue, Waste Codes are not product specific, but application specific.

#### Other information

Waste codes should be assigned by the user based on the application for which the product was used.

## SECTION 14: TRANSPORT INFORMATION

### IMDG/IMO

not regulated

#### 14.1. UN number

#### 14.2. UN proper shipping name

#### 14.3. Transport hazard class(es)

#### 14.4. Packing group

### ADR

not regulated

#### 14.1. UN number

#### 14.2. UN proper shipping name

#### 14.3. Transport hazard class(es)

#### 14.4. Packing group

### IATA

not regulated

#### 14.1. UN number

#### 14.2. UN proper shipping name

#### 14.3. Transport hazard class(es)

#### 14.4. Packing group

### 14.5. Environmental hazards

No hazards identified

### 14.6. Special precautions for user

No special precautions required

### 14.7. Transport in bulk according to Annex II of MARPOL73/78 and the IBC Code

Not applicable, packaged goods

# SAFETY DATA SHEET

Revision Date 06-Jul-2015

## SECTION 15: REGULATORY INFORMATION

### 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

#### International Inventories

X = listed

| Component                         | EINECS    | ELINCS | NLP | TSCA | DSL | NDSL | PICCS | ENCS | China | AICS | KECL |
|-----------------------------------|-----------|--------|-----|------|-----|------|-------|------|-------|------|------|
| Tris (hydroxymethyl) aminomethane | 201-064-4 | -      |     | X    | X   | -    | X     | X    | X     | X    | X    |
| Sodium azide                      | 247-852-1 | -      |     | X    | X   | -    | X     | X    | X     | X    | X    |

#### National Regulations

| Component                         | Germany - Water Classification (VwVwS) | Germany - TA-Luft Class |
|-----------------------------------|----------------------------------------|-------------------------|
| Tris (hydroxymethyl) aminomethane | WGK 2                                  |                         |
| Sodium azide                      | WGK 2                                  |                         |

Take note of Control of Substances Hazardous to Health Regulations (COSHH) 2002 and 2005 Amendment.

Take note of Dir 94/33/EC on the protection of young people at work

Take note of Directive 98/24/EC on the protection of the health and safety of workers from the risks related to chemical agents at work

### 15.2. Chemical safety assessment

Chemical Safety Assessment/Reports (CSA/CSR) are not required for mixtures

## SECTION 16: OTHER INFORMATION

#### Full Text of H-/EUH-Statements Referred to Under Section 3

H300 - Fatal if swallowed

H400 - Very toxic to aquatic life

H410 - Very toxic to aquatic life with long lasting effects

EUH032 - Contact with acids liberates very toxic gas

#### Legend

**CAS** - Chemical Abstracts Service

**EINECS/ELINCS** - European Inventory of Existing Commercial Chemical Substances/EU List of Notified Chemical Substances

**PICCS** - Philippines Inventory of Chemicals and Chemical Substances

**IECSC** - China Inventory of Existing Chemical Substances

**KECL** - Korean Existing and Evaluated Chemical Substances

**WEL** - Workplace Exposure Limit

**ACGIH** - American Conference of Governmental Industrial Hygienists

**DNEL** - Derived No Effect Level

**RPE** - Respiratory Protective Equipment

**LC50** - Lethal Concentration 50%

**NOEC** - No Observed Effect Concentration

**PBT** - Persistent, Bioaccumulative, Toxic

**ADR** - European Agreement Concerning the International Carriage of Dangerous Goods by Road

**IMO/IMDG** - International Maritime Organization/International Maritime Dangerous Goods Code

**OECD** - Organisation for Economic Co-operation and Development

**BCF** - Bioconcentration factor (BCF)

#### Key literature references and sources for data

Suppliers safety data sheet, Chemadvisor - LOLI, Merck index, RTECS

**TSCA** - United States Toxic Substances Control Act Section 8(b) Inventory

**DSL/NDSL** - Canadian Domestic Substances List/Non-Domestic Substances List

**ENCS** - Japan Existing and New Chemical Substances

**AICS** - Australian Inventory of Chemical Substances

**NZIoC** - New Zealand Inventory of Chemicals

**TWA** - Time Weighted Average

**IARC** - International Agency for Research on Cancer

**PNEC** - Predicted No Effect Concentration

**LD50** - Lethal Dose 50%

**EC50** - Effective Concentration 50%

**POW** - Partition coefficient Octanol:Water

**vPvB** - very Persistent, very Bioaccumulative

**ICAO/IATA** - International Civil Aviation Organization/International Air Transport Association

**MARPOL** - International Convention for the Prevention of Pollution from Ships

**ATE** - Acute Toxicity Estimate

**VOC** - Volatile organic compounds

**Classification and procedure used to derive the classification for mixtures according to Regulation (EC) 1272/2008 [CLP]:**

**Physical hazards**
