

**SAFETY DATA SHEET**

Creation Date 22-Sep-2009

Revision Date 26-Mar-2024

Revision Number 3

**1. Identification**

**Product Name** Calcium turnings

**Cat No. :** 10125

**CAS No** 7440-70-2  
**Synonyms** Calcium Metal.; Calciat

**Recommended Use** Laboratory chemicals.  
**Uses advised against** Food, drug, pesticide or biocidal product use.

**Details of the supplier of the safety data sheet****Company**

Thermo Fisher Scientific Chemicals, Inc.  
30 Bond Street  
Ward Hill, MA 01835-8099  
Tel: 800-343-0660  
Fax: 800-322-4757

**Emergency Telephone Number**

For information **US** call: 001-800-227-6701 / **Europe** call: +32 14 57 52 11  
**Emergency Number US:**001-201-796-7100 / **Europe:** +32 14 57 52 99  
**CHEMTREC** Tel. No. **US:**001-800-424-9300 / **Europe:**001-703-527-3887

**2. Hazard(s) identification****Classification**

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

Substances/mixtures which, in contact with water, emit flammable gases Category 2

**Label Elements**

**Signal Word**  
Danger

**Hazard Statements**  
In contact with water releases flammable gas

**Precautionary Statements****Prevention**

Keep away from any possible contact with water, because of violent reaction and possible flash fire

Handle under inert gas. Protect from moisture

Wear protective gloves/protective clothing/eye protection/face protection

**Skin**

Brush off loose particles from skin. Immerse in cool water/wrap with wet bandages

**Fire**

In case of fire: Use CO<sub>2</sub>, dry chemical, or foam for extinction

**Storage**

Store in a dry place. Store in a closed container

**Disposal**

Dispose of contents/container to an approved waste disposal plant

**Hazards not otherwise classified (HNOC)**

None identified

### 3. Composition/Information on Ingredients

| Component | CAS No    | Weight % |
|-----------|-----------|----------|
| Calcium   | 7440-70-2 | 99       |

### 4. First-aid measures

|                                            |                                                                                                                                                |
|--------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Eye Contact</b>                         | Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Get medical attention if symptoms occur.              |
| <b>Skin Contact</b>                        | Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. Get medical attention if symptoms occur. |
| <b>Inhalation</b>                          | Remove from exposure, lie down. Remove to fresh air.                                                                                           |
| <b>Ingestion</b>                           | Clean mouth with water. Get medical attention.                                                                                                 |
| <b>Most important symptoms and effects</b> | None reasonably foreseeable.                                                                                                                   |
| <b>Notes to Physician</b>                  | Treat symptomatically                                                                                                                          |

### 5. Fire-fighting measures

|                                       |                                                                 |
|---------------------------------------|-----------------------------------------------------------------|
| <b>Suitable Extinguishing Media</b>   | Carbon dioxide (CO <sub>2</sub> ). Dry chemical. Chemical foam. |
| <b>Unsuitable Extinguishing Media</b> | No information available                                        |
| <b>Flash Point</b>                    | No information available                                        |
| <b>Method -</b>                       | No information available                                        |
| <b>Autoignition Temperature</b>       | No information available                                        |
| <b>Explosion Limits</b>               |                                                                 |

|                                  |                          |
|----------------------------------|--------------------------|
| Upper                            | No data available        |
| Lower                            | No data available        |
| Sensitivity to Mechanical Impact | No information available |
| Sensitivity to Static Discharge  | No information available |

**Specific Hazards Arising from the Chemical**

Water reactive. Produce flammable gases on contact with water.

**Hazardous Combustion Products**

Hydrogen. Calcium oxides.

**Protective Equipment and Precautions for Firefighters**

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

**NFPA**

Health  
1

Flammability  
2

Instability  
0

Physical hazards  
W

**6. Accidental release measures****Personal Precautions**

Ensure adequate ventilation. Use personal protective equipment as required.

**Environmental Precautions**

See Section 12 for additional Ecological Information.

**Methods for Containment and Clean Up**

Sweep up and shovel into suitable containers for disposal. Do not expose spill to water. Do not let this chemical enter the environment.

**7. Handling and storage****Handling**

Do not allow contact with water. Avoid contact with skin and eyes. Avoid contact with skin and clothing. Do not ingest. If swallowed then seek immediate medical assistance. Protect from moisture.

**Storage.**

Keep in a dry, cool and well-ventilated place. Keep container tightly closed. Protect from moisture. Keep from any possible contact with water. Incompatible Materials. Acids. Strong oxidizing agents. Alcohols. Ammonia. Halogens. oxygen.

**8. Exposure controls / personal protection****Exposure Guidelines**

This product does not contain any hazardous materials with occupational exposure limit established by the region specific regulatory bodies.

**Engineering Measures**

None under normal use conditions.

**Personal Protective Equipment****Eye/face Protection**

Wear appropriate protective eyeglasses or chemical safety goggles as described by OSHA's eye and face protection regulations in 29 CFR 1910.133 or European Standard EN166.

**Skin and body protection**

Wear appropriate protective gloves and clothing to prevent skin exposure.

**Respiratory Protection**

No special protective equipment required.

**Recommended Filter type:**

Particulates filter conforming to EN 143.

**Hygiene Measures**

Handle in accordance with good industrial hygiene and safety practice.

**9. Physical and chemical properties**

|                                        |                                |
|----------------------------------------|--------------------------------|
| Physical State                         | Solid                          |
| Appearance                             | Grey                           |
| Odor                                   | Odorless                       |
| Odor Threshold                         | No information available       |
| pH                                     | 14                             |
| Melting Point/Range                    | 845 °C / 1553 °F               |
| Boiling Point/Range                    | 1484 °C / 2703.2 °F @ 760 mmHg |
| Flash Point                            | No information available       |
| Evaporation Rate                       | Not applicable                 |

| Flammability or explosive limits       |                                |
| Upper                                  | No data available              |
| Lower                                  | No data available              |
| Vapor Pressure                         | No information available       |
| Vapor Density                          | Not applicable                 |
| Specific Gravity                       | No information available       |
| Solubility                             | Reacts violently with water    |
| Partition coefficient; n-octanol/water | No data available              |
| Autoignition Temperature               | No information available       |
| Decomposition Temperature              | No information available       |
| Viscosity                              | Not applicable                 |
| Molecular Formula                      | Ca                             |
| Molecular Weight                       | 40.07                          |

## 10. Stability and reactivity

|                                  |                                                                     |
|----------------------------------|---------------------------------------------------------------------|
| Reactive Hazard                  | Yes                                                                 |
| Stability                        | Moisture sensitive.                                                 |
| Conditions to Avoid              | Incompatible products. Exposure to moist air or water.              |
| Incompatible Materials           | Acids, Strong oxidizing agents, Alcohols, Ammonia, Halogens, oxygen |
| Hazardous Decomposition Products | Hydrogen, Calcium oxides                                            |
| Hazardous Polymerization         | No information available.                                           |
| Hazardous Reactions              | None under normal processing.                                       |

## 11. Toxicological information

### Acute Toxicity

Product Information No acute toxicity information is available for this product

### Component Information

Toxicologically Synergistic Products No information available

### Delayed and immediate effects as well as chronic effects from short and long-term exposure

Irritation No information available

Sensitization No information available

Carcinogenicity The table below indicates whether each agency has listed any ingredient as a carcinogen.

| Component | CAS No    | IARC       | NTP        | ACGIH      | OSHA       | Mexico     |
|-----------|-----------|------------|------------|------------|------------|------------|
| Calcium   | 7440-70-2 | Not listed | Not listed | Not listed | Not listed | Not listed |

Mutagenic Effects No information available

|                                            |                                                                |
|--------------------------------------------|----------------------------------------------------------------|
| Reproductive Effects                       | No information available.                                      |
| Developmental Effects                      | No information available.                                      |
| Teratogenicity                             | No information available.                                      |
| STOT - single exposure                     | None known                                                     |
| STOT - repeated exposure                   | None known                                                     |
| Aspiration hazard                          | No information available                                       |
| Symptoms / effects, both acute and delayed | No information available                                       |
| Endocrine Disruptor Information            | No information available                                       |
| Other Adverse Effects                      | The toxicological properties have not been fully investigated. |

## 12. Ecological information

### Ecotoxicity

Reacts with water so no ecotoxicity data for the substance is available. Do not empty into drains.

|                               |                                                         |
|-------------------------------|---------------------------------------------------------|
| Persistence and Degradability | Persistence is unlikely based on information available. |
| Bioaccumulation/ Accumulation | No information available.                               |
| Mobility                      | Is not likely mobile in the environment.                |

## 13. Disposal considerations

|                        |                                                                                                                                                                                                                                                                 |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Waste Disposal Methods | Chemical waste generators must determine whether a discarded chemical is classified as a hazardous waste. Chemical waste generators must also consult local, regional, and national hazardous waste regulations to ensure complete and accurate classification. |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

## 14. Transport information
