

Occupational Safety and Health (Classification, Labelling and Safety Data Sheet of Hazardous Chemicals) Regulations 2013

**SECTION 1: IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND OF THE COMPANY/UNDERTAKING**
**Product Identifier**

|                      |                              |
|----------------------|------------------------------|
| Perihalan Produk:    | <u>Molybdenum disilicide</u> |
| Product Description: | <u>Molybdenum disilicide</u> |
| Cat No. :            | S11549                       |
| CAS No               | 12136-78-6                   |
| Molecular Formula    | MoSi <sub>2</sub>            |

**Relevant identified uses of the substance or mixture and uses advised against**

|                      |                          |
|----------------------|--------------------------|
| Recommended Use      | Laboratory chemicals.    |
| Uses advised against | No Information available |

**Company**

Thermo Fisher Scientific Fisher Scientific (M) Sdn Bhd  
 Hap Seng Business Park, Lot 01-03, 01-04 Aras 1 Unity Square,  
 No 12, Persiaran Perusahaan, Seksyen 23, 40300 Shah Alam,  
 Selangor Darul Ehsan, Malaysia.  
 Main line: +60 3-5525 7888

**Supplier**

|                |                             |

**SECTION 2: HAZARDS IDENTIFICATION**
**Classification of the substance or mixture****Label Elements**
**Hazard Statements**
**Other Hazards**

This product does not contain any known or suspected endocrine disruptors

**SECTION 3: COMPOSITION/INFORMATION ON INGREDIENTS**

# SAFETY DATA SHEET

Molybdenum disilicide

Revision Date 01-Apr-2025

| Component                                | CAS No     | Weight % |
|------------------------------------------|------------|----------|
| Molybdenum silicide (MoSi <sub>2</sub> ) | 12136-78-6 | <=100    |

## SECTION 4: FIRST AID MEASURES

### Description of first aid measures

|                                           |                                                                                                                         |
|-------------------------------------------|-------------------------------------------------------------------------------------------------------------------------|
| <b>Eye Contact</b>                        | Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Get medical attention.         |
| <b>Skin Contact</b>                       | Wash off immediately with plenty of water for at least 15 minutes. Get medical attention immediately if symptoms occur. |
| <b>Ingestion</b>                          | Clean mouth with water and drink afterwards plenty of water. Get medical attention if symptoms occur.                   |
| <b>Inhalation</b>                         | Remove to fresh air. Get medical attention immediately if symptoms occur.                                               |
| <b>Self-Protection of the First Aider</b> | No special precautions required.                                                                                        |

### Most important symptoms and effects, both acute and delayed

None reasonably foreseeable.

### Indication of any immediate medical attention and special treatment needed

**Notes to Physician** Treat symptomatically.

## SECTION 5: FIREFIGHTING MEASURES

### Extinguishing media

#### **Suitable Extinguishing Media**

Not combustible.

#### **Extinguishing media which must not be used for safety reasons**

No information available.

### Special hazards arising from the substance or mixture

Thermal decomposition can lead to release of irritating gases and vapors.

### **Hazardous Combustion Products**

Silicon dioxide, Molybdenum oxides.

### Advice for fire-fighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

## SECTION 6: ACCIDENTAL RELEASE MEASURES

### Personal Precautions, Protective Equipment and Emergency Procedures

Ensure adequate ventilation. Use personal protective equipment as required. Avoid dust formation.

# SAFETY DATA SHEET

Molybdenum disilicide

Revision Date 01-Apr-2025

## Environmental precautions

Should not be released into the environment. See Section 12 for additional Ecological Information. Do not allow material to contaminate ground water system. Do not flush into surface water or sanitary sewer system.

## Methods and Material for Containment and Cleaning Up

Sweep up and shovel into suitable containers for disposal. Avoid dust formation.

## Reference to Other Sections

Refer to protective measures listed in Sections 8 and 13.

## SECTION 7: HANDLING AND STORAGE

### Precautions for Safe Handling

Wear personal protective equipment/face protection. Ensure adequate ventilation. Avoid contact with skin, eyes or clothing. Avoid ingestion and inhalation. Avoid dust formation.

### Conditions for Safe Storage, Including any Incompatibilities

Keep container tightly closed in a dry and well-ventilated place.

### Specific End Uses

Use in laboratories.

## SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

### Control Parameters

| Component                                | Malaysia | ACGIH TLV                                             | OSHA PEL                            |
|------------------------------------------|----------|-------------------------------------------------------|-------------------------------------|
| Molybdenum silicide (MoSi <sub>2</sub> ) |          | TWA: 10 mg/m <sup>3</sup><br>TWA: 3 mg/m <sup>3</sup> | (Vacated) TWA: 10 mg/m <sup>3</sup> |

| Component                                | European Union | The United Kingdom                                                  | Germany |
|------------------------------------------|----------------|---------------------------------------------------------------------|---------|
| Molybdenum silicide (MoSi <sub>2</sub> ) |                | STEL: 20 mg/m <sup>3</sup> 15 min<br>TWA: 10 mg/m <sup>3</sup> 8 hr |         |

### Exposure Controls

#### Engineering Measures

None under normal use conditions.

### Personal protective equipment

#### Eye Protection

Wear safety glasses with side shields (or goggles)

#### Hand Protection

Protective gloves

#### Skin and body protection

Long sleeved clothing

Inspect gloves before use.

Please observe the instructions regarding permeability and breakthrough time which are provided by the supplier of the gloves. (Refer to manufacturer/supplier for information)

Ensure gloves are suitable for the task: Chemical compatibility, Dexterity, Operational conditions, User susceptibility, e.g. sensitisation effects, also take into consideration the specific local conditions under which the product is used, such as the danger of cuts, abrasion.

Remove gloves with care avoiding skin contamination.

# SAFETY DATA SHEET

Molybdenum disilicide

Revision Date 01-Apr-2025

|                                 |                                                               |
|---------------------------------|---------------------------------------------------------------|
| <b>Respiratory Protection</b>   | No protective equipment is needed under normal use conditions |
| <b>Recommended Filter type:</b> | Particle filter                                               |

**Hygiene Measures** Handle in accordance with good industrial hygiene and safety practice

**Environmental exposure controls** No information available

## SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

### Information on basic physical and chemical properties

|                                     |                                 |                                          |
|-------------------------------------|---------------------------------|------------------------------------------|
| <b>Appearance</b>                   | Dark grey                       |                                          |
| <b>Physical State</b>               | Solid Target                    |                                          |
| <b>Odor</b>                         | Odorless                        |                                          |
| <b>Odor Threshold</b>               | No data available               |                                          |
| <b>pH</b>                           | No information available        |                                          |
| <b>Melting Point/Range</b>          | 1870 - 2030 °C / 3398 - 3686 °F |                                          |
| <b>Softening Point</b>              | No data available               |                                          |

| <b>Viscosity</b>                 | Not applicable           | Solid |
| <b>Explosive Properties</b>      | No information available |       |
| <b>Oxidizing Properties</b>      | No information available |       |

|                          |        |
|--------------------------|--------|
| <b>Molecular Formula</b> | MoSi2  |
| <b>Molecular Weight</b>  | 152.13 |

## SECTION 10: STABILITY AND REACTIVITY

### Reactivity

# SAFETY DATA SHEET

Molybdenum disilicide

Revision Date 01-Apr-2025

None known, based on information available.

## Chemical Stability

Stable under normal conditions.

## Possibility of Hazardous Reactions

**Hazardous Polymerization** No information available.  
**Hazardous Reactions** None under normal processing.

## Conditions to Avoid

None known.

## Incompatible Materials

Acids. Interhalogens. Oxidizing agent.

## Hazardous Decomposition Products

Silicon dioxide. Molybdenum oxides.

## SECTION 11: TOXICOLOGICAL INFORMATION

### Information on Toxicological Effects

#### Product Information

(a) acute toxicity;  
Oral No data available  
Dermal No data available  
Inhalation No data available

| Component                                | LD50 Oral | LD50 Dermal               | LC50 Inhalation               |
|------------------------------------------|-----------|---------------------------|-------------------------------|
| Molybdenum silicide (MoSi <sub>2</sub> ) | -         | LD50 > 2000 mg/kg ( Rat ) | LC50 > 5.369 mg/L ( Rat ) 4 h |

(b) skin corrosion/irritation; No data available

(c) serious eye damage/irritation; No data available

(d) respiratory or skin sensitization;  
Respiratory No data available  
Skin No data available

(e) germ cell mutagenicity; No data available

(f) carcinogenicity; No data available

There are no known carcinogenic chemicals in this product

|                                            |                           |
|--------------------------------------------|---------------------------|
| (g) reproductive toxicity;                 | No data available         |
| (h) STOT-single exposure;                  | No data available         |
| (i) STOT-repeated exposure;                | No data available         |
| Target Organs                              | No information available. |
| (j) aspiration hazard;                     | Not applicable<br>Solid   |
| Symptoms / effects, both acute and delayed | No information available. |

|                                 |                                                                                                                                     |
|---------------------------------|-------------------------------------------------------------------------------------------------------------------------------------|
| Endocrine Disrupting Properties | Assess endocrine disrupting properties for human health. This product does not contain any known or suspected endocrine disruptors. |
|---------------------------------|-------------------------------------------------------------------------------------------------------------------------------------|

## SECTION 12: ECOLOGICAL INFORMATION

|                                        |                                                                                                                                                                                                                                                                                                                    |
|----------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <u>Ecotoxicity effects</u>             | May cause long-term adverse effects in the environment. Do not allow material to contaminate ground water system.                                                                                                                                                                                                  |
| <u>Persistence and degradability</u>   | Product contains heavy metals. Discharge into the environment must be avoided. Special pre-treatment is necessary<br>Insoluble in water, May persist.<br>Not relevant for inorganic substances.<br>Contains substances known to be hazardous to the environment or not degradable in waste water treatment plants. |
| <u>Bioaccumulative potential</u>       | May have some potential to bioaccumulate; Product has a high potential to bioconcentrate                                                                                                                                                                                                                           |
| <u>Mobility in soil</u>                | Spillage unlikely to penetrate soil. Is not likely mobile in the environment due its low water solubility.                                                                                                                                                                                                         |
| <u>Endocrine Disruptor Information</u> | This product does not contain any known or suspected endocrine disruptors                                                                                                                                                                                                                                          |
| <u>Other adverse effects</u>           | No information available                                                                                                                                                                                                                                                                                           |

## SECTION 13: DISPOSAL CONSIDERATIONS

|                                     |                                                                                               |
|-------------------------------------|-----------------------------------------------------------------------------------------------|
| <u>Waste treatment methods</u>      |                                                                                               |
| Waste from Residues/Unused Products | Dispose of in accordance with local regulations                                               |
| Contaminated Packaging              | Empty containers should be taken to an approved waste handling site for recycling or disposal |

|------------------------------------------|-----------|------|-----|-------|------|------|-------|------|----------|
| Molybdenum silicide (MoSi <sub>2</sub> ) | 235-231-8 | X    | -   | -     | X    | X    | X     | -    | KE-25438 |

### National Regulations

**Persistent Organic Pollutant** This product does not contain any known or suspected substance  
**Ozone Depletion Potential** This product does not contain any known or suspected substance

## SECTION 16: OTHER INFORMATION

### Legend

**CAS** - Chemical Abstracts Service

**EINECS/ELINCS** - European Inventory of Existing Commercial Chemical Substances/EU List of Notified Chemical Substances

**PICCS** - Philippines Inventory of Chemicals and Chemical Substances

**IECSC** - Chinese Inventory of Existing Chemical Substances

**KECL** - Korean Existing and Evaluated Chemical Substances

**TSCA** - United States Toxic Substances Control Act Section 8(b) Inventory

**DSL/NDSL** - Canadian Domestic Substances List/Non-Domestic Substances List

**ENCS** - Japanese Existing and New Chemical Substances

**AICS** - Australian Inventory of Chemical Substances

**NZIoC** - New Zealand Inventory of Chemicals

**WEL** - Workplace Exposure Limit

**ACGIH** - American Conference of Governmental Industrial Hygienists

**RPE** - Respiratory Protective Equipment

**LC50** - Lethal Concentration 50%

**POW** - Partition coefficient Octanol:Water

**TWA** - Time Weighted Average

**IARC** - International Agency for Research on Cancer

**LD50** - Lethal Dose 50%

**EC50** - Effective Concentration 50%

**ADR** - European Agreement Concerning the International Carriage of Dangerous Goods by Road

**IMO/IMDG** - International Maritime Organization/International Maritime Dangerous Goods Code

**OECD** - Organisation for Economic Co-operation and Development

**BCF** - Bioconcentration factor

**ICAO/IATA** - International Civil Aviation Organization/International Air Transport Association

**MARPOL** - International Convention for the Prevention of Pollution from Ships

**ATE** - Acute Toxicity Estimate

**VOC** - (Volatile Organic Compound)
